

## PREPARE FOR A AND JURY PROBE AT INDIANAPOLIS

S. Will Prosecute  
Violations of In-  
junction or the  
Lever Act

## R. SERVICE IS REDUCED

CHICAGO, Dec. 4.—Another strike in plans looking to an end of the coal miners' strike of the thirty fourth day of production of coal in most of the mines of the nation as the nation prepared for a grand investigation at Indianapolis prosecution of miners, operators or others for violation of the injunction or for obstruction of production in violation of Lever act.

The mines that have been idle all of the time since the strike started Nov. 1, continued today, although for two days there have been reports of return to work of small numbers of men in several localities.

Production had increased somewhat, it appeared, but in many cases reserve stocks were reduced so rapidly that the situation in many communities and drastic action was taken by railroad and fuel officials.

The most drastic action of the week was the order for a reduction of passenger service of the railroad in train miles in the central and southwestern regions. The order included cancellation of more trains, and a decrease of luxury equipment in service. There is no suspension of express or mail trains however.

Industries continued to close down. More drastic conservation measures were made in many states and a number of state executives took action intended to relieve the acute shortage.

C. Wells, editor of a coal publication, announced in Chicago that private advisers in Washington were to the effect that operators were conceding a 25 per cent advance in the price of coal, eliminating Garfield's plan, and an advance of about 30 cents a ton to miners. No announcement of a plan was made in Washington.

Governors Shoup of Colorado, Kellogg of Nebraska and Carey of Wyoming at a conference in Denver, called on the national administration to appoint arbitrators in each state the miners request made by governors in seven states in conference in Chicago last Sunday.

Governor Sleeper of Michigan voted to arrange a reopening of the coal mines on a basis of a 14 per cent advance in the price of coal, and to await final settlement. Operators agree that coal mined could not be shipped from Michigan.

Volunteer miners under troop protection will start work tomorrow in Oklahoma.

Kansas volunteers were hampered by rain that froze as it fell.

At Billings, Mont., schools and theaters were closed tonight and cars were out on a 7 hour basis.

State troops were ordered withdrawn from the Trinidad, Colorado district today.

The Chicago packers were ordered today to arrange for a common cold storage plant and shut down others.

Denver adopted drastic restrictions on business and industry similar to those ordered in Chicago yesterday.

Chicago's office buildings went on the 6 1/2 hour basis today and the stores will adopt the 11 a. m. to 5:30 p. m. schedule tomorrow.

Theaters will be allowed five nights and one afternoon performances a week.

Electric light, both interior and exterior was greatly reduced. The streets, lacking the customary excess illumination resembled those of a country town.

Down State Rules.  
Springfield, Ill., Dec. 4.—Orders were sent out today by the state public utilities commission to all down-state utilities under its control formulating rules for the strict conservation of fuel and power. The rules are similar to those issued in Chicago yesterday.

The rules become effective tomorrow and will greatly restrict business activities of all kinds. Miners in Central Illinois returned from today in their stand against returning to work until a satisfactory agreement is reached. Coal supplies were further reduced by continued cold weather but there was no apparent relief in sight.

windows shall be entirely stopped.  
2.—Suburban and local transportation schedules shall be required immediately to the least number of runs that will accommodate necessary travel requirements. The temperature of cars and stations at all times should be reduced to the lowest point consistent with public health and safety.  
3.—Work shops and industrial establishments, wholesale businesses, mercantile establishments, storage warehouses and plants (excepted) shall receive service not to exceed six and one half working hours of the day between the hours of 9 a. m. and 3:30 p. m. Where the nature of the business requires continuous operation an equivalent reduction must be accomplished by refusing service at least two working days a week.  
4.—That all stores, shops, banks, office buildings, pool parlors, cigar stores, soft drink parlors and all other places of business be furnished service only between the hours of 9 a. m. and 4 p. m., except on Saturday nights when service may be furnished until 9 p. m. Drug stores, groceries, physicians' offices, restaurants, hotels, bakeries and hospitals are not restricted as to hours of operation but are required to exercise all possible economy of heat, power and light.  
5.—Newspapers shall exercise every economy consistent with the nature of the business and the publication of their newspapers. In all buildings of whatever character, including factories and stores referred to above the service and lighting shall be reduced to a minimum. Elevator service outside of the hours specified for operation shall be reduced on one car and heat must be cut off except in such degree as will prevent damage by freezing.  
6.—Theaters, vaudeville houses and similar places of amusement not including motion picture houses shall be restricted to service for six performances a week, namely, one in the afternoon and five in the evening, and enjoined to exercise at all times the greatest economy in illumination. In such places of amusement, houses consuming very light light they are excepted from regulation as to the hours but required to effect all possible economy with the use of light and heat. The use of service of theaters, vaudeville houses and motion picture houses outside of hours of operation shall be only sufficient to safeguard freezing.  
7.—During this emergency commission's ruling and regulations governing the temperature of houses on consumer's premises furnished by heating companies will be reduced to sixty five degrees. The commission ordered that each utility establish the coal conservation order in the principal newspapers in the territory served and discontinue service to any consumers, who, after publication fail to observe any of the regulations.

Will Prosecute Violations  
Indiana, Ind., Dec. 4.—Upon the heels of its institution of contempt proceedings against officials of the United Mine Workers of America, the government has taken steps to broaden the scope of its prosecutions in connection with the strike of coal miners and will investigate alleged violations of the Lever fuel control act and the Sherman anti-trust law, by miners, operators and others.

United States District Judge A. B. Anderson today ordered a special session of the federal grand jury here next Monday morning and immediately afterward a statement was given out by United States District Attorney L. Ert Slack, and Dan W. Sims, special district attorney who is aiding in the injunction proceedings declaring that the time has arrived to determine "whether this is a government of law or a group of men."

At the hearing six officials of the United Mine Workers of America who yesterday were charged with criminal contempt for alleged violation of the federal court's injunction against the strike, appeared at the federal building and furnished bond of \$10,000 each for the appearance in court next Tuesday.

They were John L. Lewis, acting president of the organization, William Green, Secretary-Treasurer, Ellis Seales, editor of the Miner Workers Journal, Percy Tetlow, statistician and Edward Stewart and William Mitch, officials of District No. 11.

The charge against seventy-eight other miners representatives of violation of the injunction were printed and certified today and copies were being mailed tonight to all court districts to which defendants reside.

The grand jury investigation called primarily to deal with charges against coal operators will cover all phases of the controversy in the coal industry and will be nation-wide in its scope, it was stated.

The statement of government attorneys brought out that the investigation was intended not only to furnish relief in the present crisis, but that the government expects to prosecute all violators of the law and will see that they suffer the penalties provided by tomorrow.

The Lever law carries a penalty of \$5,000 fine or imprisonment not to exceed two years in the penitentiary. It was stated that determination to begin the grand jury investigation as a result of disclosures in proceedings against the miners' leader.

Agents of the department of justice.

## AGAINST PACKERS

Federal Commission Charges  
Anti-Trust Act Violation

## STATEMENT IS ISSUED

Institute of Meat Packers Issue  
Statement in Connection With  
Formal Complaint of Federal  
Trade Commission

WASHINGTON, Dec. 4.—Formal complaints were issued today by the federal trade commission charging the five big Chicago meat packers with violations of the Clayton anti-trust act thru the alleged purchase and control of thirty one corporations handling food and other supplies.

Written answer to the complaints must be made within forty days and thereafter public hearing will be held before the commission.

Concerns which the packers are accused of absorbing include meat packers, fruit canners, dealers in eggs and poultry and dealers in and manufacturers of butter, cheese, oleomargarine, condensed milk, and like products.

In connection with formal complaints against the packers the institute of American Meat Packers thru its Washington office, issued the following statement:

"At the proper time, the packing companies will present evidence which will show they have violated no laws whatsoever."

"At present, these and other companies are under attack by the department of justice in the federal courts. There is no disposition on the part of any packing company to try its case in the newspapers."

"In due season the packers will present all the evidence in their possession to the federal trade commission and will cooperate in every possible way and also will assist in developing any pertinent facts."

"The packers are confident that the outcome will in no way reflect any discredit whatsoever upon them for any of their actions."

Henry Vedder, general counsel for Swift & Co., said that in the purchase of the companies mentioned by the commission, Swift & Co., complied with the law and "was perfectly willing to leave that question to the decision of the courts without any anxiety as to the result."

CONCLUDES DETAILED  
EXPLANATION OF BILL

Senator Cummins Speaks Three  
Days on Measure Designed to  
Meet Railroad Conditions.

Washington, Dec. 4.—After speaking three days, Senator Cummins, chairman of the interstate commerce committee, concluded today a detailed explanation of his railroad bill designed to meet conditions with the return of the roads to private ownership and control.

Discussing the anti-strike provision of the measure as proposed by the committee Senator Cummins declared "there had been an industrious effort to misrepresent the bill." He denied that it interfered in any way with railway employees or officials who desired to quit work.

Emphasizing that he was not opposed to labor organizations, Senator Cummins said the committee in inserting the anti-strike section felt that "the civilization of America cannot continue to endure unless organized society can find some plan to preserve industrial peace and order."

President Wilson's message to congress Tuesday, he declared, was a direct endorsement of the proposed legislation.

Much sentiment developed today in favor of curtailing general debate so as to hasten the bill.

WILL NOT ATTEMPT  
TO CONTROL SUGAR

WASHINGTON, Dec. 4.—The government will not attempt to control the disposition and sale of sugar after the sugar equalization board is dissolved, Dec. 31.

Attorney General Palmer, in making this announcement today said that as no funds had been provided by congress for the work of justice would confine its efforts to the punishment of profiteers.

Mr. Palmer's action was generally accepted as opening up the sources of more sugar supplies by permitting refiners to pay more for the Cuban raw stock.

BAKER ARRIVES  
IN CANAL ZONE

PANAMA, Dec. 4.—Secretary of War Baker and his party arrived in the canal zone this morning on the transport Northern Pacific under the command of the U. S. Navy, which was en route to the Pacific end, arriving here about night fall.

On the trip thru the waterway Secretary Baker was accompanied by canal officials and army officers. Stops were made at Gatun, Pedro Miguel and Miraflores.

COMPLETES SHIPPING  
BOARD'S PROGRAM

CHICAGO, Dec. 4.—The Lake Geyser, a 4,200 ton ocean going passenger vessel today floated in Lake Michigan and the U. S. Shipping Board's program in Chicago was ended. The Lake Geyser was the last of 25 ships built at the yards of the Chicago Ship Building Co., during the last two years.

## MISLEG REFUSES TO NAME PERSONNEL

Of Executive Committee of Russian Soviet Federation

New York, Dec. 4.—Flat refusal to give the names of the executive committee of the Russian soviet federation described by Dr. Michael Misleg, its treasurer, until yesterday as a nationwide body was actively engaged in teaching Bolshevism to the American masses, met the joint legislative committee's investigation into radicalism here today.

In spite of instruction to answer on pain of being in contempt, Misleg on the witness stand declined to reply.

Ten thousand members of the association, approximately half of whom are American citizens, contribute regularly monthly dues to support the work of the organization, Dr. Misleg testified. Many of the federation locals are scattered thruout the country, he said.

He testified to payments of sums of money from the federation treasury to the communist party following the organization of that body. He admitted existence of a federation "fund for political victims," out of which bail and counsel fees were paid for men arrested on charges of sedition and criminal anarchy.

When asked to describe the governing body of the federation Misleg testified that it had an executive committee of fifteen members including a secretary and treasurer. Asked to name its personnel, he declined.

After the session today, Chairman Martin said that no action on Misleg's refusal to reply would be taken until the committee finished examination of Ludwig C. A. K. Martens, self-styled Russian soviet ambassador to the United States.

Hearing of Martens will be resumed on Thursday, December 11.

BERKMAN BUYS  
PLENTY OF CLOTHING

Anarchist Equips Himself in Preparation for Deportation to Russia.

New York, Dec. 4.—Alexander Berkman spent today equipping himself with American clothing, in preparation for deportation to Russia. Tomorrow noon he and Emma Goldman will be in custody at Ellis Island, their liberty on bail during deportation proceedings having expired.

"Conditions on the other side," said Harry Weinberger, his counsel, "are such that there is little or no opportunity for securing light or heavy clothing."

As soon as the two anarchists are surrendered in accordance with orders from the department of labor, Weinberger plans to institute habeas corpus proceedings to get them out on bail while he seeks to equal the order of deportation on the ground that Miss Goldman is a citizen by marriage and that the constitutional right of freedom of speech has been privileged both of his clients to express their anarchistic views.

Miss Goldman is due to arrive from Chicago tomorrow morning.

WOULD INVESTIGATE  
ILLINOIS PRISONS

CHICAGO, Dec. 4.—Lieut. Commander Thomas Mott Osborne, former chairman of the New York commission on prison reform and now in charge of the naval prison at Portsmouth, N. H., went east today with the announced intention of writing a letter to Governor Frank O. Lowden asking appointment of a commission to investigate Illinois prisons. At a club luncheon yesterday where he was a speaker, Lieut. Commander Osborne charged that Illinois prisons are cruel and brutal and are responsible for the Chicago crime wave. The Joliet prison, he described as "infamous."

John Whitman, state superintendent of prisons, also a guest of the club, retorted that "Joliet is not responsible for conditions in Chicago. The state of Illinois is doing its duty and in a conservative way," he said, and added that Illinois gradually is getting away from punishment in the confinement of prisoners.

AIRSHIP STATION  
TO BE AT EL PASO

WASHINGTON, Dec. 4.—The first army airship station on the border will be organized immediately at El Paso, Texas, by the Eighth balloon company under Lieut. Byron T. Burt. As soon as the hangar now under construction is completed one of the twin engine airships recently acquired by the army will be placed in service and extensive experiments in border patrol work conducted.

The results of the work at this station will be watched with very keen interest," said the announcement today by the army service "as the establishment of additional stations on the border is dependent upon the success of this initial station. This is the first opportunity the army has had for operating dirigible balloons over country which approximates the terrain that will be found in Mexico."

STATES OBJECT TO  
ILLINOIS WATERWAY

WASHINGTON, Dec. 4.—Objection to the issuing of a permit to the state of Illinois for the construction of what is known as the "Illinois waterway" to connect the Great Lakes with the Mississippi river was filed today with Secretary Baker and the chief of the army engineers today by Edward T. Cahill, solicitor of the state of Wisconsin, acting on behalf of that state and Michigan, Indiana, Ohio, Pennsylvania and New York.

## WILL SEE WILSON

Before Framing Senate Policy in Mexican Relations

## SEC. LANSING TESTIFIES

Tells Foreign Relations Committee President Has Not Been Consulted Regarding Mexico Because of His Illness

WASHINGTON, Dec. 4.—Steps to obtain a personal interview with President Wilson before framing a senate policy in the strained relations with Mexico were decided on today before the foreign relations committee. The decision was made after Secretary Lansing had appeared before the committee today. It was said by members, had disclosed that because of the president's illness he had not been consulted by the state department in its handling of the recent developments on the situation.

At the white house tonight the president's physician, Dr. Grayson, said he saw no reason why the committee representatives if they urgently desired it could not see Mr. Wilson tomorrow.

Senators Fall and Hitchcock, Democrat of Nebraska will endeavor to do so.

In deciding to take its problem to the president the committee divided along party lines, six Republicans voting for the proposal and five Democrats opposing it. The action came at the end of a day of discussion of Senator Fall's resolution which would ask the president to withdraw diplomatic recognition of the Carranza government.

In opposing the request for an interview the Democrats are understood to have based their arguments on a statement to the committee by Secretary Lansing who was said to have declared the administration was carrying out a well defined policy of dealing more vigorously with Mexico.

It was said to have added that the administration was prepared to go to whatever length was necessary to enforce that policy.

Neither the secretary nor the administration senators however were represented as expressing directly any opposition to the Fall resolution. Senator Hitchcock, acting Democratic leader of the senate, suggested a substitute by which the senate merely would endorse the state department's course in the matter and declare in advance its support of the president should he decide to break diplomatic relations.

During the day, Henry P. Fletcher, American ambassador to Mexico, also went before the committee and was said to have confirmed many of the same points as did the secretary in reply to questions about the attitude of the state department.

A reply now is awaited from Carranza to the latest American note requesting in sharp terms that William O. Jenkins, American diplomatic agent who was held at Puebla be released and advised reaching here today indicated that a commission might be asked for by the Mexican president to settle the dispute.

Tells Inside Story.  
Virtually all of Ambassador Fletcher's statement to the committee related to the Jenkins case, but Secretary Lansing was drawn into a detailed discussion of the whole general subject of relations with Mexico and told the inside story of the American government's attitude during recent years.

A great obstacle to a break with Mexico before the United States entered the European war, Mr. Lansing is understood to have said, was the fact that such a break might have had consequences which would have damaged the president's hope of avoiding entanglement in the conflict overseas.

Fear of that result he was quoted as saying was based on the large number of European interests in Mexico and the suspected sympathy between Carranza and the German government.

After peace negotiations had been concluded, however, it was pointed out a note was sent to Carranza declaring pointedly that stress more regard were given American representatives there would be a radical change in the course of the United States government.

This step, Mr. Lansing is said to have declared, was decided on with great deliberation and constituted a definite policy in which there has been no deviation.

In questioning the advisability of the action suggested in the Fall resolution, Mr. Jenkins was quoted as saying that the Jenkins correspondence seemed about to bring a real test whether Carranza meant to heed the warning given some months ago and that it might be wiser to let this question be answered before breaking off relations. Such a break, he is said, also to have suggested might not only endanger the effort to obtain Jenkins' release, but also the American troops and interests in jeopardy by the withdrawal of appropriate representatives.

Tonight, Senators Fall and Hitchcock had not consulted white house officials and the Republican leaders said that if a conference were denied, congress would go ahead on its own initiative.

(Continued on Page 4.)

## FIRST LEGAL FIGHT COMES NEXT WEEK

Federal District Court Will Be Scene of Trial of 135 Defendants in Newberry Case.

Grand Rapids, Mich., Dec. 4.—Next week will see the first legal fight in federal district court over the trial of the 135 defendants indicted for conspiring to nominate and elect Truman H. Newberry United States senator of Michigan.

Attorney Colon T. Campbell, representing Prosecuting Attorney Christian A. Broek of Muskegon, will make a formal motion for a separate trial for his client. Formal requests already have been made in court for a separate trial by Samuel O'Dell, member of the Michigan Public Utilities commission and others, and these have been denied by the court.

It is the contention of Attorney Campbell that unless his client is permitted a separate trial, he must permit attorneys selected to appear for all defendants in court represent him, and that while his portion in the case will require but a few hours, he will be forced to spend upwards of 12 weeks in court.

The motion proposed by Mr. Campbell, it is said, will have the support of all other attorneys interested in the defense, as this will be one of the big questions to be raised before the case finally goes to trial.

Seven more defendants appeared in court Thursday afternoon bringing the total arraignments for the day to 25. Charles A. Campbell, a negro employed in the office of State Labor Commissioner Richard Fletcher, pleaded not guilty and was released on \$10,000 bond.

Emory Mills of Dundee, chairman of the Monroe county Republican committee; Hugh Hadigan, a factory worker at Flint; Mel R. Deo of North Branch, chairman of the Republican committee; Mrs. H. S. Meyers of Cairo, supervisor and garage proprietor, appeared before the court during the afternoon. Their bonds were fixed at \$1,000, the court entering a plea of not guilty for the men.

Senator to Enter Personal Plea.  
Washington, Dec. 4.—Senator Newberry of Michigan plans to leave here Saturday for Grand Rapids, to enter a personal plea of "not guilty" to a federal indictment charging election frauds.

Senator Newberry conferred today with former Representative Martin W. Littleton of New York, his attorney, and several prominent Republican senators. The investigation authorized by the senate into the Ford-Newberry election contest before the privileges and election committee will be started in January but probably confined at first to a re-count of the Michigan ballots which will be brought here in the original boxes with poll books, clerk's tally sheets and other documents. Examination of witnesses will not begin until Mr. Newberry's trial in Michigan has been closed.

FEDERAL AGENT  
RAIDS IN DETROIT

DETROIT, Dec. 4.—Thirty-five men were held on charges of violation of the United States criminal code after an examination of more than 100 arrested last night in a round up of near-beer saloons and other places suspected of harboring "yeagmen and pick-pockets." The raid was conducted by federal agents, police, postoffice inspectors and a score of private detectives.

A private bank was among the places raided and its manager, George Kolowick, is being held on a charge of receiving and holding property stolen from the government.

Among the prisoners held the police say, are some of the best known "safe men" and "stick up men" in the business.

PLAN CONSTRUCTION  
OF CHICAGO STADIUM

CHICAGO, Dec. 4.—Plans for the Chicago stadium to be the largest open air gathering place in the world, were announced today with awards of prizes for plans.

The structure is to be horseshoe shaped of concrete and marble with a seating capacity of 100,000 according to the plan. It is estimated it will cost at least \$1,725,000.

There will be a temporary stage for spectacular events. The stadium will be so arranged that in winter a space of 1,500 feet by 700 or 800 feet can be flooded for skating.

One reason for leaving open is that it may be used as a reviewing stand for parades.

Just when work on the stadium will be started has not been decided.

ADVANCED METHODS  
TO SAVE ANIMALS

CHICAGO, Dec. 4.—Advanced methods in veterinary surgery have made it unnecessary to kill a horse or cow that suffers a broken leg, according to W. H. Welch of Lexington, Ky., who addressed the Illinois state veterinary medical association convention here today. He demonstrated new methods of applying splints and said that most fractures could be healed.

AURORA MAN DIES  
OF SLEEPING SICKNESS

AURORA, Ill., Dec. 4.—Jacob Kreamer, 34 the second person in Aurora to come down with sleeping sickness this fall died today. Lewis Englebrecht, 36, the first patient, is reported improving.

Newspaper Man on Stand.  
Paul B. Cousley, editor of the Alton Telegraph, was the first witness at the afternoon session.

## TOUCH VITAL POINT IN MURDER CASE HEARING

JUST WHEN DR. REDDISH FIRST TOLD OF FATHER'S  
MURDER A MOOTED QUESTION

Prosecution Seeks To Show Defendant Told of Death in  
Physician's Office Before He Received the Informing  
Message From Sister-in-Law—Alton Newspaper Men  
Testify—Burns Detective Repeated Statements of  
Young Reddish About Much Featured Pawn Tickets  
and Revolver.

Three sessions of the circuit court were held Thursday by Judge Smith in taking evidence in the trial of Dr. Horace Reddish for the alleged murder of his father, Stephen Reddish. At least fifteen witnesses were examined during the day and there were many others who will still be placed on the witness stand, Judge Smith determined upon the night session.

The first witness of the day was Bertha Pentz, a chambermaid at Mineral Springs hotel in Alton, who found the pawn tickets which form such an important part of the state's evidence in this case. The last witness and one who was on the stand during all the night session was A. H. Buehrig, St. Louis manager of the Burns Detective agency.

The attorneys for the prosecution touched a vital point in the evidence they are seeking to establish when witnesses testified as to the hour of the day when Dr. Reddish in a physician's office in Alton, told about the murder of his father.

Gave Important Testimony.  
Mrs. Clarence Reddish, sister-in-law of the defendant, testified that it was 12:30 noon on the day when the brain of Stephen Reddish was found that she telephoned the facts of the finding to her brother-in-law. Dr. Gibson, Alton physician, told the jury that it was about midday that Dr. Reddish in the office of the witness told him of the murder. John Kulp, an insurance agent, and Carl Feyerabend, were in the Gibson office and fixed the time of the alleged announcement by Dr. Reddish at from 11 to 11:30 o'clock.

Moreover, Mrs. Reddish declared that she told her brother-in-law of his father's death, but that she did not say that he had been murdered. Other important witnesses were Peter Fitzgerald, chief of police of Alton; E. E. Campbell and P. B. Cousley, editors of Alton papers who jointly interviewed the defendant after he had been arrested, and was at the Alton jail. Attorney W. J. Chapman continues to conduct most of the examinations for the state while Mr. Sullivan again conducted the cross examination. A Miss Pentz as the first witness of the day gave a direct statement about the finding of the pawn tickets. She was followed by Pearl Watson, formerly a barber at Jerseyville, who testified to the sale of a certain revolver, and that the one on exhibition in court was this revolver or of similar make.

Other Witnesses.  
Robert Niprant, night clerk at the Mineral Springs Hotel, E. E. Linder, employee of the Simmons Hardware Co., of St. Louis in the gun department; Otis Adams, hardware dealer of Jerseyville, Henry T. Houser, garage owner in Alton, were the witnesses who followed in the order named.

Peter Fitzgerald, chief of police of Alton, testified to the arrest of the defendant and of certain conversations which took place in the Alton jail. He recounted the fact that a fake telephone call was sent to Dr. Reddish at the hotel advising him that he was about to be arrested by the sheriff of Jersey county and suggesting flight. Shortly afterward the defendant was arrested at the garage as he was about to leave in a car. The defense claimed that any nervousness on the part of the defendant at that time and his decision to leave in his car was not extraordinary in view of the strain he had gone thru in the knowledge of his father's death.

H. F. Kramer, officer who made the arrest, was also a witness and preceded E. E. Campbell, editor of the Alton Times.

Interview Recalled.  
Mr. Campbell related how he and Mr. Cousley interviewed the defendant at the jail after permission had been secured from Clarence Reddish and the police department. The witness told of the various questions asked the defendant and made special reference to the pawn tickets. He said that the defendant told them he had found the ticket on a Tower Grove car in St. Louis and that when he picked it up he thought at first it was a money order or a Thrift stamp.

He said that later in the conversation it was stated that the defendant had pawned his watch a few days before the alleged finding of this pawn ticket. The witness stated that when the defendant was asked why he did not recognize the slip he found as a pawn ticket since he had used one himself but a few days before, that the defendant made no reply.

Newspaper Man on Stand.  
Paul B. Cousley, editor of the Alton Telegraph, was the first witness at the afternoon session.

He told of an interview he had with the defendant in the detention room of the Alton police headquarters. He stated he told the defendant that if he had killed his father in a morphia frenzy that "his might be called an extenuating circumstance, and that it would be better to confess than to try to prove an alibi. The defendant maintained his innocence. The witness told of conversation he had with defendant about pawn tickets in hands of the police. The defendant told him one of the tickets was for a watch he had pawned about three weeks earlier; the other he said he had found in the Tower Grove street car about ten days before the interview. He said he did not at first recognize it as a pawn ticket.

The witness said he asked defendant if the revolver recovered on the pawn ticket was his revolver, and he said it was not—that his revolver had a slight crack in the handle. He said he had sold his revolver in a St. Louis saloon to an unknown man. The witness said nothing was said in that interview about the murder of defendant's father, that the defendant said he knew the pawn tickets made it look dark for him and that his past life was against him, but that he thought he would be able to clear himself. Defendant admitted that he was a user of morphia, and said he began the use of the drug because of some stomach trouble. The witness stated that the defendant had told him of the St. Louis trip and that the defendant had said he slept with his uncle because the Mackelden home, where he and his mother were staying, was scarce of beds. When it was suggested to the defendant that he might have made the trip to Jerseyville some night and returned without

Why not call a truce in the present strike fest and fight it out next summer?

Nearly every resident can save coal by saving heat, gas and electricity in the present time of distress.

The people of the United States must pay \$1,017,500,000 interest on their bonds this year. The war is over but the penalty in dollars has yet to be paid.

Hoover enjoys the distinction of being the only public official

to turn back a government appropriation, a trifle of \$88,750,000. It has been charged that he lacks experience in political affairs.

The director of the state department of health has issued a circular letter calling attention to the danger to public health which may arise from overcrowding and collective housing caused by the coal famine. Dangers to the public seem to multiply.

American child experts, physicians and teachers, large numbers of them from Illinois, will be in charge of the City of Orphans, a new town in Syria that will be inhabited by over ten thousand little youngsters, whose parents were massacred by the Turks or died from the ravages of the war. The children who will inhabit this city extraordinary, now are being gathered together in temporary orphanages by the American committee for Relief in the Near East.

**SOME CIGARETTES**  
Estimates of \$6,000,000,000 as the yield of the present revenue law for the first twelve months of its operation will be closely approached if not fully realized. Internal Revenue Commissioner Roper said today in his annual report. Commissioner Roper said the tobacco industry had developed into one of the greatest sources of federal revenue, the total receipts from this source alone for the fiscal year ending June 30, 1919, being \$206,003,009, an increase of \$48,800,000 over those of the preceding year.

An enormous increase in the number of cigarettes manufactured was shown by the reports, the total for the last fiscal year being approximately eight times larger than in 1910. In that year 8,500,000,000 cigarettes and 8,000,000,000 cigars were manufactured, while in the last fiscal year the manufacture of cigarettes had increased to 45,500,000,000 while the number of cigars remained practically stationary.

## ADVERTISED.

The fact that there are theorists who are endeavoring to induce the American public to accept bare brained radical schemes of government, and are very busy with the bugaboo of Bolshevism, leads the Springfield Journal to call attention to numerous instances where the threat has been made and the results.

"When the radicals of Winnipeg put on their 'one big union' movement and succeeded in tying the industries of that city in a hard knot, there were predictions of a revolution in Canada. 'And when Mayor Gray, following the example set in Seattle, proceeded to exercise his authority and power against the element, the world was informed that he had signed his death warrant. The 'one big union' decreed his extinction."

"Mayor Gray is still alive. Moreover, he is still functioning as the executive of Winnipeg. Furthermore, he has been selected to serve another term as mayor of the city. He had a majority in excess of 25,000 at the last election."

"Americans who have been shivering over the prospect of Russian Bolshevism getting a foothold in Canada and menacing the United States from the north, are invited to turn their eyes on Winnipeg, touted but recently as the hot-bed of radicalism in the northwest. Winnipeg is as safe and sane as Seattle."

## WILL BE A LONG TIME

The high cost of living will not be reached until production reaches normal or there is a business reaction which will be felt seriously by the entire country, says a pronouncement issued recently by the Executive Council of the National Association of Credit Men, of which Curtis R. Burnett is president and J. H. Tregoe is secretary-treasurer. "The advancing prices that have marked the year have brought another danger to our credit structure," says the pronouncement. "They have induced an orgy of speculation not only in stocks, but merchandise and all other things having value, and this has imposed a strain on credit that few men sufficiently appreciate. Already the result has been to draw credit from legitimate commerce to satisfy the demands for credit to be used in speculation, which pays higher rates than commerce can. The way to safety must be directed by leaders of clear vision, who must set the example and distinguish clearly between speculative and legitimate credit demands for the line separating the two is not always easily determined."

## WHO WILL PAY?

Discussing constitutional prohibition, the internal revenue collector says that probably 50,000,000 gallons of spirituous liquors would remain in bonded warehouses when the constitutional amendment becomes effective January 16. During the year end-

ed June 30, approximately 99,000,000 gallons of distilled liquor were produced from materials other than fruits, this figure representing a decrease of nearly 75,000,000 gallons from the previous production.

The effect of wartime prohibition has presented a problem which is causing revenue officials "serious embarrassment," Mr. Roper said. Holders of heavy stocks of liquor in bond were forced, under provisions of the last revenue act, to pay an additional tax Sept. 15. The law closing the saloons for the period of the war has left those interests with their products and without means of obtaining money to make the payments, he said. Under the law the discretion of the bureau is limited to extending the time for payment of these taxes seven months," Mr. Roper explained. "Serious embarrassment has resulted as to the course of action which should be taken in these cases to protect the interests of the government without imposing undue financial hardships on the taxpayers which presumably were not intended by Congress."

## WOOD AND LOWDEN.

North Dakota has uttered the first official expression upon the choice of president in 1920. Party conventions under the state law were held and endorsements for president were made. The Republicans gave a majority for Gen. Leonard Wood, over Gov. Frank O. Lowden of Illinois, the highest expressions of approval of each were made in the convention by men voting for the other. Gov. Coolidge of Massachusetts was nominated for vice president. The Democrats endorsed Wilson and Marshall for a third term, another proof that the Democratic party is holding desperately upon the personality of President Wilson as its only recommendation to the American people for continuing in power, says the Globe-Democrat.

Assuming that President Wilson will not challenge the third-term unwritten law, the actual outcome of the conventions for practical purposes was the bringing to the front of two men who will be prominent in the race for the Republican nomination, Gen. Leonard Wood, who was officially named, has been conspicuously before the people for twenty years, ever since he did the first constructive work of the United States in Cuba as Military Governor.

Whenever he has been given a large task to perform calling for executive ability and sound judgment he has performed it with great ability. This was shown most recently in his service in training troops for the war and in handling of the military situation in various places where troops have been required to preserve peace and protect persons, property and industries. He has made himself known chiefly to the American people by his early and persistent advocacy of adequate military preparation and especially the training of citizens to become soldiers when needed. Jointly with the late Theodore Roosevelt he stood at the front of the campaign for Americanism and preparedness at a time when those things were not as popular as they later became, and for that he is dear to the hearts of the American people.

Gov. Lowden has had a long and distinguished career in the service of his state and nation. He was for a long time one of the leaders of the Republican wing of the House of Representatives, serving in three Congresses. He was elected Governor of Illinois in 1916 and as war governor has served his state and country with exceptional ability and distinction. He has stood for the great things of our American institutions and has had much to do with their preservation and development in national legislation and public regard. Irrespective of party, he is recognized as one of the great men of the nation, one having the qualities needed in this difficult period.

## Rippling Rhymes

By Walt Mason

## CONSOLING THOUGHTS

All the world seems in a hole, and my guardian sprite I thank that I have a modest roll safely salted in the bank. Landmarks we have cherished well are upturn and thrown away, and no prophet can foretell what may happen in a day. Things we thought were anchored fast are adrift upon the

tide, and like leaves upon the blast, customs old are scattered wide. All our moorings are destroyed, all our milestones trampled flat, and we face an aching void, and we know not where we're at. All the wishes are abroad, on the storm clouds dark and dank, and I'm glad I have a wad safely salted in the bank. We have quit the old time way, for a road that is accursed; there's a crisis every day, and the last one is the worst. Men who once abhorred the blues now are viewing with alarm, and the papers filled with news breathing threats of dole and harm. In the background is the sage, in the foreground is the crank; and I'm glad I have my wage safely salted in the bank.

## CARITAS LODGE HELD ELECTION

Rebekahs Choose Officers—Four Candidates Initiated—Will Hold Memorial Services for Mrs. Emelia Warner.

Caritas Rebekah Lodge No. 625 elected officers for the ensuing term at their regular meeting held in Odd Fellows Temple, West State street, Thursday evening. Four Candidates, Stella Hayes, Frances Hayes, Louise Barneier and Walter Rabjohns were initiated into the order.

The next regular meeting will be given over to memorial services for Mrs. Emelia Warner, a charter member of the lodge and for many years one of the most active members. The memorial services will be in charge of Mrs. Myrtle W. Tandy.

Following the election of officers and initiation a social hour was spent and refreshments served. The new officers are: Noble Grand—Charlotte Suiter. Vice Grand—Gertrude Obermeyer.

Recording Secretary—Anna Baldwin.

Financial Secretary—Myrtle W. Tandy.

Treasurer—Annie T. Loar. Deputy—Sarah Seymour. Captain of Degree Staff—Edward Rawling.

Trustees—Sarah Seymour, Myrtle W. Tandy, Bertha Walter, Ellis Henderson, Albert Baldwin.

## WILL HOLD MARKET

The ladies of Lynnville church will hold a market at Dorwart's market Saturday. Sale will open about 12 o'clock noon.

## WILL OF MISS JONES FILED

The will of the late Miss Mary Jones has been filed for probate in the office of County Clerk G. L. Riggs. The document was drawn Dec. 14, 1915, with M. T. Layman and C. A. Johnson as the witnesses. The testatrix left all her property of every kind to her sister, Miss Blanch, with the suggestion that \$1,000 be spent for cause tending to spread the gospel of Christ.

Provision was made that in case of the death of Miss Blanch Jones, before the death of the testatrix that the property shall go to her brother, Sidney Jones for life and then to his children.

## NOTICE

Men awarded the letter are, Lucas, Hunt, R. Arter, A. Arter, Green, Ransdell, Bray, Cockin, Reid, Gard, Smith, Arnold, Molohon.

## MISS FORSYTHE WINS FAME AS VIOLINIST

Brilliant Achievements of Alma Forsythe, Formerly of This City Playing Large Chautauqua Center.

The "Bill Board", the largest theatrical paper in the country has the following to say of Miss Alma Forsythe.

No little part of that splendid record of recognized worth which this artistic organization has earned and received belongs to Miss Alma Forsythe, the talented violinist and pianist, who since its organization has been a member of this company.

Miss Forsythe is a real soloist. She does more than play the fiddle. Her part is more than to merely play by herself and call it a solo. She is an artist. She is a musician. She is trained and accomplished in her art. She is a graduate of the Illinois College Conservatory, located at Jacksonville, Ill., and has devoted four years to post-graduate work under such well-known violinists as Ludwig Becker of the Chicago Orchestra, and W. E. Kritch, formerly of the faculty of the Stern Conservatory of Berlin. Miss Forsythe has the rare ability to produce a tremendous tone without sacrificing those finer qualities that differentiate music from that of a mere sound. She is gifted with unusual musical temperament, and has clear, brilliant technique.

She has what is so often lacking in musicians, an ability to please under all circumstances. If she loses her bow she isn't put out a bit, for she plays without one and the program goes right on. She doesn't have to put the audience on edge by tuning up like a country fiddler. She seems to be always ready and prepared to please. She plays with dash and fervor. She has more than technique, and perhaps her power lies in her musical understanding, which enables her to make others enjoy her own mental concepts.

It may fairly be said that Miss Forsythe was "discovered" by Prof. Haberkorn, then head of the Illinois Conservatory of Music. She was then thirteen years old and had already shown evidence of the wonderful talents she possessed. She began a course at the Conservatory, beginning under Prof. Haberkorn, and after his departure continuing under Prof. Kritch with piano under Mrs. Bullard. She had a rare and choice instrument and her work has ever reflected great credit on herself and the Illinois Conservatory of Music.

Girls wanted for pining chickens, \$7 per week guaranteed while learning. Apply Swift & Co., superintendent.

## "L'APACHE"

A Paramount-Artcraft Picture

An amazingly vivid picture of the night life of Paris—of the "spenders" in garish cafes, of the stran "half-world" of the fierce Apaches.

Two women. One, rich, frivolous, and worse; seeking the sparkle of life in the pleasure palaces of the Boulevards; longing for love from the man who had tried of her.

Another, poor, unfortunate, seeking escape from the Apache "king" who was blighting her, body and soul.

One night, these two women meet. The good one, trembling from a wild Apache dance. The other, crushed with shame and disillusionment. When the two men, their "masters", meet, two worlds of Paris rush together.

The rest is a story you won't soon forget. Come!

Music by Brown's Orchestra

## What Is a Chiropractic Adjustment?

Some folks who first thought that Chiropractic was every thing except a wonderful, new health method, have gained peculiar impressions of what a Chiropractic Adjustment really is. An adjustment is primarily given with only the Chiropractor's two hands. How he does it, why he does it, what part of the spine he does it to, are all part of his Science. The expert knowledge is acquired only after years of intense study and practice.

After analyzing the spine and finding out the defects that impede nerve energy and result in disease, the Chiropractor adjusts the moveable bones of the spine back to their proper normal positions. The cause is removed; the pressure on the nerves is relieved and normal function resumed with complete nerve energy restored, the natural forces of the body build up the weak and diseased organs. Health results. It is in full accord with the laws of man's being. No drugs or surgery are used. Chiropractic (KI-RO-FRAK-TIC, is being endorsed by authorities everywhere from the scientific standpoint, because it is right. Its marvelous record of accomplishment recommends it to all who are not up to the mark in health and efficiency. Give Chiropractic a trial.

### Social Events

**Mr. and Mrs. Cain Entertain for Daughter.**  
A short time since Mr. and Mrs. John H. Cain living three miles south of the city, gave a six course dinner in honor of their daughter Miss Catharine. About twenty four guests were present and the affair was very enjoyable.

**Mrs. J. H. McCarthy Entertains for Friends.**  
A short time since Mrs. J. H. McCarthy entertained a number of friends at a 6 o'clock dinner in honor of Miss Catharine Cain of this vicinity and Mrs. Carr and Miss Richardson of Belleville. A toasty number of guests sat down at the feast, which was excellent and appreciated by the guests most fully.

**Dance Will Be Given This Evening.**  
This evening at the New Pacific Hotel Mrs. E. A. Brennan will be hostess at a dancing party given for Miss Marjorie Karr of Belleville, and Miss Vivian Richards of Edinburgh, who are guests of Miss Catherine Cain.

**Gleaners of Ebenezer Held Meeting.**  
The Gleaners of Ebenezer church met Wednesday afternoon with the Misses Dewese. After the business session a program was carried out. Instrumental music, Mrs. William Huddleston, Reading, Miss Pearl Dewese, Vocal solo, Mrs. Lloyd Moss. A social hour was then enjoyed and refreshments served. The next meeting will be held Jan. 7th.

**Illinois College Seniors Banquet.**  
The senior class of Illinois college held its annual banquet at the Peacock Inn Thursday evening. Twenty three members were present and Dr. and Mrs. J. G. Ames acted as chaperones. Following the banquet, Dr. Ames served as toastmaster. There was no formal program of toasts but everyone present was called upon and responded appropriately. Afterward some time was spent in dancing.

**Mt. Zion Ladies' Aid Held All Day Meeting.**  
The Ladies' Aid Society of Mt. Zion church held an all-day meeting Thursday at the home of Mrs. William Paschall. There was a good attendance and at noon an excellent dinner was served. The regular business session was held in the afternoon. It was voted to hold an oyster supper in the church basement Thursday evening, December 11. The annual New Year's dinner will be held in the church.

**Ladies' Aid of Merritt Hold Meeting.**  
The Ladies' Aid of the Merritt M. E. church held their regular monthly meeting Tuesday, Dec. 2nd, at the home of Mrs. J. H. Redshaw with the thirteen members present. Officers for the ensuing term were elected as follows:  
President—Mrs. Lois Morris.  
Vice-President—Mrs. Ann Coulter.  
Second Vice-President—Mrs. George Hardwick.  
Treasurer—Miss Georgia Hawk.  
Secretary—Mrs. Bert Christman.  
Informers—Mrs. Henry Korty.  
Reporters—Mrs. Allen Christman and Mrs. Bert Christman.

**Salem Donation Party Proved Successful.**  
The Salem Aid gave a donation party at the home of Thomas Boyd Wednesday evening. There was a large crowd and the donations were afterward turned into cash, totaling \$35. The ladies served a two-course supper consisting of coffee, rolls, mashed potatoes, chicken loaf, white gravy, scalloped oysters, jelly, steam pudding.

ding with sauce. The committee in charge consisted of Mrs. R. E. Phillips, Miss Fanny Boyd and Mrs. Ed Armstrong.

**Baptist Ladies Aid Met.**  
Section Four, Baptist Ladies Aid met Wednesday afternoon at the home of Mrs. L. B. Turner. There was a good attendance and much interest shown. Plans were discussed for future work, and a decision was made to do some work for the Social Service League. The officers of the section are:  
Chairman—Mrs. L. B. Turner.  
Assistant Chairman—Mrs. A. B. Williamson.  
Secretary—Miss Ella M. Spencer.  
Treasurer—Mrs. Henry Frisch.  
A social time was enjoyed after the business session and dainty refreshments were served.

**Pastors Aid of Grace Church Gave Supper and Bazaar.**  
Last evening the Pastors Aid society of Grace M. E. church held an apron sale and supper in the basement of the church.  
Mrs. George E. Baxter was chairman of the supper committee and Mrs. Fred Rowe was chairman of the apron committee.  
Over 350 persons were served and it was reported that there was a very successful sale of aprons and other fancy articles. The decorations were bitter sweet berries, ferns and candles.

**Illini Lodge Held Open Meeting.**  
There was an open meeting of the Odd Fellows lodge in their hall on East St. last evening at 8 o'clock.  
Grand Scribe Sam J. Baker and Grand Junior Warden F. B. Gore made splendid talks after which they left for Springfield where they will attend a meeting of the Springfield lodge. This was followed by a piano solo by Miss Pearl Jagger, an address by Rev. D. V. Goudy and a solo by Miss Lydia Hunt.  
Immediately following the program refreshments were served. All present had a very enjoyable evening.

**Entertains Sunday School.**  
Miss Leon Souza of North Diamond street entertained recently for her Sunday school class of Northminster church. Nearly all of the class were present. The class being of small tots the afternoon was pleasantly spent in games of which delight children of their age. The hostess then served refreshments, and the class ones departed, all declaring that they had had an enjoyable time.

**W. R. C. Birthday Social Held With Mrs. Emma Funk.**  
Mrs. Emma Funk entertained the Womans Relief Corps at her home on South Main street Thursday afternoon, a large number were present and the members and visitors had a most enjoyable time. The rooms were nicely decorated with cut flowers and potted plants. Miss Dorothy Dunlop gave a number of splendid readings which were enjoyed by all. A parcel post sale was held with good success and a very nice amount was added to the corps treasurer. Delicious refreshments were served. The hostesses whose birthdays were celebrated were: Mrs. Julia Becker, Miss Margaret Jefferson, Mrs. Naomi Wharton, Mrs. Lulu Weakley, Mrs. Emma Funk.

**Homer Massey Gave Dance Thursday Night.**  
Homer Massey gave a dance in Woodman Hall Thursday evening. Seventy-five couples were present and excellent music was furnished by Clarence Large's orchestra.

**Knights of Columbus Give Euchre and Dance.**  
Members of Knights of Columbus Council gave a Euchre and dance in their hall in East State street Thursday evening. There was a large attendance and Euchre was played at forty tables. Mrs. Tim Keating won the ladies prize and the gentleman's prize went to Robert Clifford. Following the Euchre, dancing was indulged in. Music was furnished by Labby's Jazz band and Earl White sang several solos.

**Hospital and Society to Extend Work.**  
An all day sewing was held by the Hospital Aid Society at the home of Mrs. Edward W. Brown Thursday. There were twenty women present when the sumptuous dinner was served and in the afternoon fifteen others came. The day was spent in sewing on quilts which will be sold at the sale to be held Saturday at O'Donnell's auto store.  
It was decided to organize a number of auxiliaries to the Aid Society throughout the county and in this way interest in the hospital and its work will be extended. The principal purpose of the Aid Society at this time is to make possible the laundry at the hospital which is so greatly needed. A committee was formed to take charge of this work of organization. It includes Mrs. Kate Hollinger, Mrs. E. W. Brown, Mrs. William W. King, Mrs. Felix E. Farrell, Mrs. W. L. Alexander, and Mrs. Lillian Danskin.  
The women are so thoroughly interested in the work here that they will no doubt be able to spread this enthusiasm into the auxiliary organizations.

**Sinclair Country Club Enjoys Open Meeting.**  
The members of the Sinclair Country Club held their open meeting Thursday evening at the home of Mr. and Mrs. Thomas Fox. On this annual occasion the ladies are the hostesses to their husbands and families. A very pleasing program was carried out during the evening following a fine supper served about 7:30 o'clock.  
The following was the program:  
Vocal Solo—Miss Young of I. W. C.

President's Address — Mrs. Fletcher Hart.  
Secretary's Report — Mrs. Frank Hunter.  
Vocal Solo—Miss Young.  
Roll Call. All but four members of the club answered roll call.  
Solo—Miss Young.  
Reading—Miss Rankin of I. W. C.  
Solo—Miss Armstrong of I. W. C.  
Song—Trio.  
Following the program a social time was enjoyed.  
The Domestic committee of the club is composed of Mrs. Harry Martin, chairman; Mrs. Richard Robinson, Mrs. Kate Brown, Miss Elizabeth Mann, Miss Anna May Wilson, and Miss Isabelle Swahn. The program committee is made of the following ladies: Mrs. Newton Wilson, chairman; Mrs. Albert Hopper, and Mrs. Robin Strawn.

### CARPENTIER WINS ONE-SIDED FIGHT

French Champion Knocks Out Joe Beckett of England in First Round.

Holborn Stadium, Ringside, London, Dec. 4.—(By The Associated Press.)—Georges Carpentier, the French champion, knocked out Joe Beckett, champion of England, tonight in a brief and decidedly one-sided fight for the heavyweight championship of Europe.

From the moment the referee, B. J. Angie, called time, Carpentier had the battle entirely in his own hands, the contest lasting seventy-four seconds.  
Amid absolute stillness most of the spectators could hear the terrific crack of the swing that put Beckett to sleep. There was a roaring of cheering as Carpentier assisted Beckett to his corner.

### PREPARE FOR A GRAND JURY PROBE IN INDIANAPOLIS

(Continued from Page 1)  
Justice two weeks ago started an investigation of alleged violation of the Sherman anti-trust law by operators and the evidence collected by them has been added to that secured in previous investigation of the coal situation.

**Volunteer Services.**  
Oklahoma City, Okla., Dec. 4.—Governor J. B. A. Robertson and John A. Whitehurst, president of the state council of defense left tonight for McAlester where they will begin work tomorrow as coal miners with 300 other men who have already volunteered their services. The first carload of coal is thought, will be ready tomorrow night. Two squadrons of the Thirtieth United States Cavalry, now on duty at Columbus, New Mexico, will arrive in McAlester Saturday for duty in the Oklahoma mine territory.  
Governor Robertson issued a proclamation placing the entire Oklahoma National Guard in readiness to move on short notice. It is not the intention of the governor, however, it was stated, to call the guard out at once.

**Officials Are Arrested.**  
Des Moines, Iowa, Dec. 4.—J. C. Lewis and John Gay, president and secretary respectively of the Iowa district, United Mine Workers of America were arrested late this afternoon under charges of contempt of court. The arrests were made for alleged violation of the injunction of Judge Anderson of Indianapolis. Both men went to Albia Thursday night to arrange for \$10,000 appearance bond.

**Orders Reduction of Service.**  
St. Louis, Mo., Dec. 4.—Reduction of passenger train service one third in the Southwestern region as a coal conservation measure was ordered tonight by regional Director R. F. Bush. The order becomes effective at midnight Sunday.

Federal managers thruout the district were instructed to discontinue all luxury cars. Observation sleeping cars will be permitted only when the regular sleeping cars are unavailable. The order emphasizes that no special trains are to be operated either for business or pleasure purposes and that no trains are to be lengthened beyond their ordinary size. Mr. Bush also ordered that all ticket offices in the district remain open only from 9 a. m. to 6 p. m., while the coal strike crisis exists.

### WILL SEE WILSON

(Continued from Page 1)  
mation and probably would adopt the Fall measure. The committee adjourned until Monday, however, so as to give ample time for the call on the president.  
Senator Fall, who headed a committee investigating the entire Mexican situation plans to lay some of the results of his inquiry before the president if an interview is granted.  
The action of the committee in deciding to send representatives to see the president brought to a focus much cloak-room speculation as to the extent to which Mr. Wilson's illness has handicapped him in the discharge of his official duties. Committee members said they did not regard their action as in any way raising formally any question as to his constitutional disability, but it was declared privately on all sides that the move might result in clarifying the atmosphere as to his condition.

When informed of the proposal late this afternoon, Dr. Grayson said he would rather not permit such a conference to take place tonight, but fully expected the president would be able to see the two senators tomorrow. The physician expects to confer with them before they are admitted to the sick room tomorrow and indicated he would object to any attempt to heckle the president or involve him in any sharp discussion.

# This Week

We are showing some wonderful bargains in Boys Overcoats at \$5.00 to \$15.00 for boys from 12 to 17 years of age.

If your boy needs a warm Winter Overcoat it will pay you to see these coats now. We still have some of those \$15.00 and \$20.00 men's wool overcoats left.

T. M. TOMLINSON

### MISS CLARA MOORE IN ANNUAL RECITAL

Instructor of Violin at the College of Music Illinois Woman's College Pleases With Brilliant Program Audience Expresses Approval.

Jacksonville paid a beautiful tribute to a favorite daughter last night when its citizens gave to Miss Clara C. Moore a "capacity house" on the occasion of her annual violin recital in Music Hall. Since the day in which she received her diploma from the College of Music a few years ago until today Miss Moore has never ceased to be a loving, careful student of her art. The progress given last evening included violin music of many schools and periods and the recitalist proved herself at home in each.

The stirring rhythm of the Schuetz number furnished a fine challenge to the expectant audience whose attention never lagged. Thru the various moods there was an evenness that did not disappoint.  
The most pleasing numbers of the program were those of the early eighteenth century period wherein the grace and lightness of the Mozart numbers and the velocity of the Van Goens showed Miss Moore at an unusual advantage. The Bruch number also deserves special mention because of its nobility of style.  
Miss Marjorie Taylor at the piano responded to every demand made upon her and gained new laurels for herself.  
Mr. Pearson also appeared at the organ in the Bruch number. Miss Moore added an encore at the close of her program by playing by special request, "Kama, Sweet, Home."

**The Program.**  
Allegro Desoluto . . . Schuetz  
Miss Moore and Miss Taylor.  
Minuet . . . Mozart  
The Violet . . . Mozart  
Tambourine . . . Gossec  
Indian Lament . . . Dvorak-Kreisler  
\*Kol Nidrei . . . Bruch  
Scherzo . . . Von Goens  
Concerto in D minor . . . Wieniawski  
Romance.  
Allegro a la Zingara.  
\*Violin, piano and organ.

### MAY MAKE CHANGE IN DATE OF RACES

DETROIT, Mich., Dec. 4.—A change in the date of the 1920 gold cup races of the American Power Boat Association, probably will be necessary because of the ending of the week of August 10 for the Harnsworth trophy races in England. It was stated by members of the association here today.  
Three American boats are expected to contest in the Harnsworth races and as all of them will be entered in the gold cup races, which had been set for the first week in September, it has been virtually decided to seek an earlier date for the American classic. Three days to include July 4th have been tentatively decided upon.

### DON'T GO BROKE

VITAL POINT IN  
R CASE HEARING

(Continued from Page 1)

ness stated that the de-  
ad been in his office only  
three minutes before  
else entered, and that  
ndant left immediately  
l.  
itness was unable to fix  
time, but knew it was  
middle of the day; said  
t told him he had re-  
rd over the telephone of  
r's death. The witness  
at his office hours were  
o 11, but that he fre-  
did not leave the office  
after the latter hour;  
did not leave at 11 in  
the day in question.  
less said that John Kulp,  
erabend and Mr. Grims-  
be the persons who came  
fice while the defendant  
there, but that defend-  
immediately after the  
Witness stated he told

the men what Dr. Reddish had  
just told him about his father's  
death and his mother's injury.

Paul Cousley Recalled.  
Paul B. Cousley was recalled  
and questioned as to the distance  
between Mineral Springs hotel  
and Dr. Giberson's office. He  
stated that it was five minutes  
brisk walk, two long blocks. He  
was also asked about the distance  
between John Kulp's office and  
Dr. Giberson's office.

The next witness examined was  
John Kulp of Alton, superin-  
tendent of the John Hancock Life  
Insurance Co. Witness told of  
his visit to Dr. Giberson's office  
on April 30, where he went with  
Carl Feyerabend who was to be  
examined preparatory to taking  
out some life insurance in the  
John Hancock Co. Witness stated  
they arrived at Giberson's office  
sometime between 10:30 and 12  
o'clock, as he recalled looking at  
the town clock in the Alton Trust  
& Savings Bank building just as  
they reached his office, and that  
it was then 10:30 o'clock.

When cross examined the witness  
stoutly maintained that it  
was not much, if any after 11  
o'clock when the visit was made  
to Dr. Giberson's office, and that  
they were there not more than  
five minutes. He stated that Dr.  
Giberson told them of the death  
of Dr. Reddish's father after the  
defendant had departed.

Visited Dr. Giberson's Office.  
Carl Feyerabend, the next wit-  
ness, stated that he lived four  
miles from Jerseyville; that he  
was in that town on April 30 and  
went to John Kulp's office to  
make application for an insurance  
policy and later went to Dr.  
Giberson's office for examination.  
Witness stated that he went to  
John Kulp's office at about 10:25  
o'clock a. m. April 30, having met  
Mr. Kulp at the ball park earlier  
that morning; that they made the  
trip to the office in a car driven  
by Thomas Grimsbeck, and later  
went to Dr. Giberson's office in  
the same car. Witness said that  
the defendant was at the latter's  
office when they arrived, and that  
he heard him tell Dr. Giberson  
that his father was dead; did not  
remember hearing anyone else  
mention it after Dr. Reddish left.  
Witness stated that Kulp left the  
office with him.

When cross examined, the wit-  
ness stated that he thought it was  
about 10:20 when he, in company  
with Kulp and Grimsbeck, left the  
ball park for Kulp's office. Wit-  
ness stated that after they left  
Dr. Giberson's office, he and  
Grimsbeck went in the latter's

**A TEXAS WONDER**

timonials. Dr. B. W. Hall, 2226 Olive  
St., St. Louis, Mo. Sold by druggists  
Adv.

car back to the park and then to  
the city hall and finally made a  
trip to Wood river, starting at  
about 12:15; said they took five  
or six young women to Wood  
River.

Went to Wood River.  
Questioned by the prosecution  
the witness stated that when they  
left Dr. Giberson's office they went  
west to the city hall; that the bus  
was supposed to make regular  
trips from the city hall in Alton  
to Wood River.

The next witness was Caroline  
Evans, colored, of Jerseyville.  
The witness told of a visit which  
Rachel Cisco made to her home  
the evening of April 25. When  
cross examined the witness stated  
that it was her belief that Rachel  
Cisco was sixty-one years of age;  
that Rachel Cisco had not told  
her what her age was, but that  
she (Caroline Evans) had made  
inquiry and learned Mrs. Cisco's  
age.

William Connors, who was then  
called to the stand, stated that he  
had known the defendant for ten  
or twelve years. The witness re-  
ferred to an argument he had  
heard between the defendant and  
his father ten or twelve years  
ago, but was dismissed before he  
had gone into detail concerning  
the occurrence.

**Defendant Asked Loan of Money.**  
William Manning, a poultry  
dealer of Jerseyville, stated that  
late last year or early this year  
the defendant had approached  
him for a loan of money. The  
witness stated that he told the  
defendant he had no money to  
loan at that time; said defendant  
offered to give a mortgage on  
some growing wheat he had as  
security for the money.

Irving Cottingham, auctioneer,  
living in Jerseyville, testified that  
the defendant had asked him to  
sign a note with him something  
over a year ago, which he refused  
to do.

Mrs. Clarence Reddish on Stand.  
The final witness examined at  
the afternoon session was Mrs.  
Clarence G. Reddish, who took  
the stand at 4:05 o'clock. The  
witness told of receiving a tele-  
phone call from her husband  
about 12 o'clock or later, Wednes-  
day, April 30, and learning of the  
death of Stephen Reddish. The  
witness said she was getting  
ready to take the train to Alton,  
where she and her husband were  
going to help care for Mrs.  
Stephen Reddish, who had fallen  
and injured her hip.

The witness stated that she left  
the house within five minutes  
after receiving the message from  
her husband, going directly to  
the home of Stephen Reddish.  
There she found her husband, Mr.  
Beatty and Dr. Bohannon, Mr.  
Jenkins, next door neighbor arriv-  
ing soon after she did, and others  
coming almost immediately. The  
witness stated that she telephoned  
to the defendant soon after arriv-  
ing at the Stephen Reddish home,  
but called her sister, Mrs. Dr.  
Wiles, before leaving her own  
home. The witness stated that  
she called the defendant probably  
twenty minutes after she arrived  
at the Reddish home, and that it  
took some little time to get into  
communication with him.

**Told Defendant of Father's  
Death.**

The witness when asked as to

Farms

what she said to the defendant  
that day, said she told him that  
her husband had gone over to the  
house and found his father dead  
in bed. She stated the defendant  
said "My God, it is bad enough  
to lose one parent without losing  
both, this will kill mother," or  
words to that effect. The wit-  
ness stated that she did not re-  
member that defendant asked as  
to the cause of death. She stated  
that she next saw defendant the  
next morning between 10 and 11  
o'clock, and that the defendant  
left after the funeral in an auto-  
mobile; witness was not certain  
as to the baggage he carried at  
that time, but thought he had a  
grip and one or two bundles; did  
not know whether or not he  
brought the grip with him from  
St. Louis but thought he did not  
bring the bundles.

Mrs. Reddish stated that she  
left the home of her father-in-law  
between 9 and 10 o'clock the  
night of April 30, and that no one  
stayed at the house that night.  
She returned the next morning at  
about 9 o'clock.

**Described Defendant's Room.**

The witness was questioned as  
to how long the defendant had  
been away from home immedi-  
ately preceding his father's mur-  
der, and stated that it was about  
three weeks. She stated that de-  
fendant had been occupying the  
north front bedroom upstairs  
since the coming of the colored  
servant along about the first of  
the year, and that prior to that  
time he had occupied the room  
in which the woman's dead body  
was found. The witness was  
questioned as to the door of the  
room and stated that it was  
locked the morning of the funeral  
and that she unlocked it herself  
after 9 o'clock. She stated there  
was a closet in the room along  
the south wall. The witness stated  
that she went into the room the  
morning of May 1 and changed  
the bed clothing. She stated that  
the bed was not very tidy, but  
she could not be positive that  
someone had occupied it. There  
were evidences about the room  
that someone had occupied it, but  
nothing to indicate the time. The  
witness said that there were  
cigarette stubs on the floor.  
In telling of the condition of  
Stephen Reddish's room, the wit-  
ness stated that there were some  
articles of clothing lying on the  
floor; that the strong box was  
standing open and that a ribbon  
box was lying near the box. This  
ribbon box was one which the  
witness said she had seen lying  
in the box five or six years be-  
fore, and she had the impression  
it was a keep sake of some sort.

Mrs. Reddish stated that there  
were two doors opening from the  
room occupied by Stephen Red-  
dish, one leading to a small sew-  
ing room which in turn opened  
upon a hall. This hall is located  
between the defendant's room and  
the room of Stephen Reddish. The  
witness stated that Stephen Red-  
dish did not smoke cigarettes to  
her knowledge. She stated that  
she and her husband lived in the  
Stephen Reddish home for a year  
and five months after their mar-  
riage.

**Pawn Tickets Found.**

Questioned as to the search  
made of the dresser in the de-  
fendant's room, witness stated  
that she was present at the time  
search was made. She was shown  
some papers and asked if they  
were the ones found in the dresser  
at that time. She stated that they  
were. She said that the pawn  
tickets which were found in the  
dresser at that time had later  
been taken by the state's attorney  
as evidence.

The witness stated that she saw  
the false teeth belonging to  
Stephen Reddish lying on a shelf  
in the bathroom, and believed it  
was on Wednesday that she ob-  
served them lying there. She  
stated that Mr. Reddish used  
glasses when he read; that it  
was his custom to spend his eve-  
nings when at home in the sitting  
room. Witness stated that the  
pair of glasses belonging to Mr.  
Reddish were found, one pair  
lying on the mantel in the sitting  
room and the other pair on the  
bookcase in the same room. She  
also stated that a coat and vest  
belonging to Mr. Reddish were  
hanging on the hall rack in the  
front hall the morning the bodies  
were discovered, and that a gold  
watch was in the vest pocket.

**Was Not Feeling Well.**

Upon cross examination the  
witness said that Rachel Cisco  
had been working in the Reddish  
home since about the first of the  
year; that she (Mrs. Reddish) ac-  
companied the party to Texas in  
March, and that she saw the col-  
ored woman there after their re-  
turn. The witness stated that  
she was at the Stephen Reddish  
home on Friday of the week be-  
fore the murder and on that oc-  
casion took Mr. Reddish in her  
car to his washerwoman's home  
and back again. At that time the  
witness stated that Mr. Reddish  
was complaining of not feeling  
well. She said he returned from  
the farm on Wednesday and that  
she took him out in her car that  
day for a drive. The witness  
stated that she did not know who  
had been at the house to call up-  
on Mr. Reddish on the days im-  
mediately preceding his death,  
and that she did not know who  
might have occupied the defend-  
ant's room.

**Did Not Tell of Murder.**

The witness said her husband  
telephoned to her that Mr. Red-  
dish's dead body had been found  
and that the message came at 12  
o'clock or a little after; that she  
went immediately to the Reddish  
home and telephoned to the de-  
fendant shortly after reaching  
there. She stated that she was  
very confident she did not tell the  
defendant that his father had  
been murdered. When asked for  
her reason for not telling him  
this fact, she stated that it was  
because the coroner had not yet  
held an inquest. She said she  
simply told the defendant that his  
father had been found dead in  
bed. The witness stated that she  
telephoned about the same time  
to her aunt, Mrs. John Mackel-  
den, in St. Louis, telling her to  
come to Jerseyville.

The witness was questioned

closely as to the number of times  
she had been told that the de-  
fendant returned from St. Louis  
to Jerseyville after taking his  
mother there for treatment, and  
she stated that she had heard of  
his returning only once, when he  
came to take the car back to St.  
Louis.

**Detective on the Stand.**

Court adjourned at 5:30 and  
convened at 7:30 for a night ses-  
sion. The first witness called at  
that time was A. H. Buehrig of  
St. Louis, assistant manager of  
the William J. Burns Detective  
Agency. He testified that he went  
to Jerseyville on the evening of  
April 30, arriving there at about  
7 o'clock. He stated that he met  
the defendant the next morning  
and that on that occasion the de-  
fendant asked him if there was a  
chance to obtain finger prints to  
aid in locating the murderer.  
Witness stated that the defend-  
ant seemed to be disappointed  
when told there was no such  
chance.

The witness told of meeting the  
state's attorney at the police sta-  
tion in Alton, at which time he  
was given the pawn tickets taken  
from the room occupied by the  
defendant at the Mineral Springs  
hotel in Alton. One of the pawn  
tickets he took to the Pink pawn  
shop in St. Louis and recovered  
the revolver which had been  
pawned in the name of Dr. Gled-  
hill of Jerseyville.

**Burns Operator Testified.**

Mr. Buehrig was employed by  
Clarence Reddish to make an in-  
vestigation concerning his father's  
death. The witness told of  
visiting the Reddish home and ex-  
amining the dresser drawer of  
the room formerly occupied by the  
defendant. He identified a box of  
cartridges found there and also  
one of the cartridges which had  
been taken to a jewelry store for  
the removal and weighing of the  
bullet. He related that the de-  
fendant had told him that he sold  
his revolver in April in a saloon  
in St. Louis and to a stranger to  
whom the bartender had intro-  
duced him.

A considerable part of the test-  
imony of this witness related to  
the pawn tickets to which many  
references have already been  
made. He identified the tickets  
and explained the manner in  
which they are kept at the pawn  
shop and told of his visit to this  
pawn shop in the search for evi-  
dence.

The witness testified that the  
defendant told of going to the  
family home in Jerseyville the  
day after the funeral and remov-  
ing from his room \$400 worth of  
"dope" which the defendant said  
he took to Alton and destroyed  
on the street. According to the  
witness the defendant gave no  
explanation of this action except  
that he was afraid revenue offi-  
cers might visit the house and  
find the bottles and cause him  
trouble.

Judge Smith expected to con-  
tinue the hearing when the direct  
examination was concluded at 9  
o'clock, but in deference to the  
request of D. J. Sullivan of the  
defense, who is suffering with a  
severe cold, adjournment was  
taken until Friday morning at 9  
o'clock.

## WILL DISCUSS HOME MAKING

Miss Juliet Lita Bane to Speak at the Mogan County Home Economics Institute.

The Home Economics Institute is very fortunate in having a one of its speakers Miss Juliet Lita Bane, Assistant State Leader in the Extension Department of the University of Illinois. The institute, which is to be held at the Illinois Woman's College on December 15, 16, and 17 is for all of the women in Morgan County and no fee is to be charged.

Miss Bane will put before the women the broad view of Home Economics study in its relation to better living conditions. Her first talk will be on "Home Making as

a Profession". These two have been diagonally opposed to each other in the minds of many women, but Miss Bane will show how one can make Home Making a Profession. Housekeepers need no longer wonder what their "calling" is, but can learn how to carry on their work in a professional manner. Housekeeping is a real business and should be carried on as such, to bring the best results.

The social side of family life will also be discussed by Miss Bane in a talk on "Recreation for the Family". This is a great problem in many homes, and it is often the case that each member of the family group has his own amusements but does not enter into the social life of the other members of his family. And how many women have been searching for the solution to this problem? Let Miss Bane give you suggestions.

## Announcing the Inclosed Models of the Auburn Beauty-Six

The inclosed models of the AUBURN Beauty-Six are characterized by the same verve and grace of line which won such marked favor for the Beauty-Six touring models. Here again, you find daring mellowness by experience, conscious artistry tempered by discretion.

Here again, you find ample room for luxurious comfort rather than mere riding space. In elegance of appointments and fittings these new AUBURN Beauty-Six models eminently satisfy the most discriminating.

## LOCAL MEN TO ATTEND CHURCH CONFERENCE

Rev. W. E. Collins and Thomas V. Hopper Delegates to Meetings to Be Held in Springfield Next Wednesday, Thursday and Friday.

Springfield has been selected as the meeting place of one of the biggest church conferences ever held in the state of Illinois. Delegates representing practically every denomination will attend the sessions which will be held in the First Christian church December 10, 11 and 12. These are to be the training conferences of the Interchurch World Movement. The object is to bring together religious leaders to promote church cooperation and to take part in the nation-wide campaign planned by the Interchurch World Movement.

Addresses will be made by six leaders of national reputation on various phases of the Interchurch program. They will be the Rev. Joseph W. Cochran of Detroit, the Rev. George Gordon Mahy, the Rev. William C. Covert of Chicago, the Rev. Hugh H. Bell, Mrs. Catherine Silverthorn and E. L. Waldorf.

Among those who already have registered as delegates to the Springfield conference are the following: John B. Lennon, Bloomington; W. A. Galt, Danville; Dr. E. P. Brand, Normal; Rev. W. Ernest Collins, Jacksonville; B. Suddorf, Rantoul; J. H. B. Williams, Elgin; W. E. Shaw, Peoria; Rev. H. H. Peters, Bloomington; W. B. Carter, Urbana; W. S. Neely, Jerseyville; Asa S. Chappman, Mahomet; Robert Van Neigs, Quincy; R. C. Helfenstein, Urbana; H. W. Sanford, Lincoln; Rev. W. F. Jones, Carlinville; H. A. Otto, Henry; C. C. Wisner, Paxton; K. A. Shumaker, LaGrange; Nicholas L. Johnson, Batavia; Mrs. Guy B. Williamson, El Paso; Rev. J. D. Ewers, Charleston; Rev. D. F. Magill, Alton; S. H. Zenolt, Galesburg; B. F. Shipp, Bloomington; C. M. Wright, Arrowsmith; Miss Ethel M. Kay, Dixon; W. H. Hampton, Mason City; Thomas V. Hopper, Jacksonville; J. P. Lowry, Gibson City; F. B. Madden, Clinton; J. G. Feucht, Pearl City; Frederick W. Keller, Lawrenceville; Daniel B. Turney, Decatur; M. H. Twigg, Alton; Thomas J. Owens, Downers Grove; Paul J. Gilbert, Monticello; William J. Montgomery, Rantoul; F. E. Shult, Alledo.

The Springfield conference is one of a series of such meetings which will be held in every state of the union before December 20. By that time it is estimated that 10,000 religious leaders throughout the country will have become thoroughly conversant with the aims and plans of this movement for Protestant co-operation. The object is to provide an organization thru which the various Protestant churches can operate to their mutual advantage.

As the first step the Interchurch Movement is engaged on a number of careful surveys of religious, social and economic conditions, county by county and city by city in the United States and country by country abroad. The results will be collated and budgeted in terms of men and money. The participating denominations then will be asked to determine by mutual agreement their individual share of responsibility for world evangelization, and a united appeal will be made by the churches, each to its own constituency, for the resources in men and money that are required.

The surveys show what an enormous economy of time and human service might be achieved thru a proper coordination of their efforts by the various churches. The state conferences are to be followed by sectional and local meetings thru which the spiritual message of the Interchurch Movement will be carried to towns, villages and individual churches.

The movement has been indorsed by more than seventy denominational and interdenominational boards and agencies. It also has received the official indorsement of the judiciaries, or highest legislative bodies of at least ten denominations. By spring, it is expected that the vast majority of the 25,000,000 Protestant church members in the country will be officially represented in the movement.

Following are the members of the Illinois state advisory committee: Baptist, Rev. Samuel J. Skevington, Chicago; Protestant Episcopal, Rev. Dr. James S. Stone, Chicago; Disciples, Dr. H. H. Peters, State Secretary, Bloomington; Presbyterian, Thomas E. D. Bradley, Chicago; Congregational, Rev. R. W. Gammon, Chicago; African Methodist Episcopal, Rev. Archibald J. Carey, Chicago; African Methodist Episcopal Zion, Rev. W. A. Blackwell, Chicago; Colored Methodist Episcopal, Dr. Joseph A. Winters, Chicago; United Evangelical, Rev. H. H. Thoren, Chicago; Reformed Episcopal, Bishop Samuel Falows, Chicago; United Lutheran, Dr. S. P. Long, Chicago; United Presbyterian, Rev. S. A. McClellan, Chicago; Evangelical Association, Rev. J. G. Schwab, Highland Park, Ill.; Friends, Herman Nowman, Chicago; Reformed Church in U. S., Rev. John H. Rottling, Chicago; Methodist Episcopal, Bishop Thomas Nicholson, Chicago; Reformed Church in America, Rev. John LaMar, Chicago; Church of the Brethren, Rev. A. C. Wiegand, Chicago; Free Methodist Church of North America, Rev. G. W. Griffith, Chicago; Christian Reformed, Rev. George W. Hylkema, Chicago.

Every week some new phonograph appears on the market

Any good workman can build a "Talking Machine"—

Only the Genius of An Edison Could Produce

**THE NEW DIAMOND AMBEROLA**

The World's Greatest Phonograph Value

You need a phonograph in your home. Every home in the U. S. A. needs the cheering, soothing, refining influence of good music. But you want the best phonograph made—no other is good enough for your home, your family, your friends.

How can you tell which is the best? Easy—if you use common sense. Difficult—if you trust to the claims of numerous manufacturers.

Look for the man behind the phonograph—the brain that evolved it and perfected it. If you cannot discover any personality behind an instrument you may well doubt its perfection.

The brain of Thomas A. Edison, the greatest inventive genius in the world, is the birthplace of the Amberola! Edison has perfected every detail of this wonder phonograph until in

every way it is superior to ordinary phonographs and "talking machines!"

The tone has been pronounced superior to that of other well-known phonographs by scores of phonograph experts after striking tests. The genuine Diamond Point Reproducer is permanent—no changing of needles. The wonderful Amberol Records, in

shape and composition, are practically unbreakable and last for years and years!

All the world's best music is recorded on these Amberol Records, from popular songs and dance music to grand opera sung by the world's greatest artists. Every month new Amberol Records are issued with the latest hits and new recordings of famous artists.

Go, listen to other phonographs and "talking machines" if you will—then come here and listen to the wonderful Amberola. Above all remember that the name and fame of the greatest inventor of the age guarantee its superiority.

Last but not least, Edison has succeeded in making this remarkable phonograph to sell at prices considerably lower than inferior "talking machines."

### 3 Days' FREE Trial

We will place an Amberola in your home for a 3 Days' Trial which will not put you under the slightest obligation or expense. Come here, select an Amberola and a number of records and we'll send them to your home. At the end of 3 days if you do not want the Amberola, we'll call and take it away. If you do want it, we'll arrange terms of payment to suit you.

### WAVERLY RESIDENT MARRIED IN IOWA

Charles E. Teele Weds Miss Nellie Bird—Will Reside in Waverly

Charles E. Teele of Waverly was married at Burlington, Iowa, on Thanksgiving Day to Miss Nellie Bird of that city. The Burlington paper gives the following account of the wedding:

Thanksgiving morning at 9 o'clock a very pretty home wedding occurred at the home of Miss Nellie Bird, corner of Eighth and Des Moines streets. The bride was Miss Olive Ruth Bird of Burlington and the groom Mr. Charles E. Teele of Waverly, Ill. Rev. Clyde W. Odum of the Methodist church performed the ceremony, using the beautiful and impressive ring service for the occasion.

Immediately after the ceremony a wedding breakfast was served by the bride's sister, Miss Nellie Bird which was in delightful keeping with such a Thanksgiving occasion. The guests present were: Mrs. J. J. Harden of Burlington, a sister of the groom; Mr. and Mrs. J. E. Harden and their little daughters, Margaret, Fay and Edith Louise of Burlington; Miss Ruth Teele of Waverly, Ill. and Rev. and Mrs. C. W. Odum.

The bride has been a resident of

### Nu Bone

Corsets, made to your individual requirements, afford you proper and comfortable support and that ease, grace and freedom of bodily expression which is the very spirit of health and beauty.

The NuBone Corset acts as a flexible mould to your figure. Without noticeable or unpleasant restraint it exercises a gentle but constant urge toward perfection. ### Real Estate Loans and Insurance

100 acre farm with new five room house, barn and silo. An excellent stock and grain farm. Two miles and a half from good town. Price \$95.

100 acres two miles from a shipping point. A mixed farm with improvements. Price \$140.

57 acres in easy access to town on a public road. All tillable land and lots of fruit. House and buildings first class. A bargain.

A strictly modern farm in every respect. 160 acres of rich black soil on a level road near a live town. Twelve room house with electric lights, bath and asbestos roof. New garage. None better. See us about it.

An excellent building for a business location just off the square. Electric lights and city water. Good condition. Worth the money.

A residence property with lot 70x190 close to business district. Price \$2,500.

An entirely modern house practically new, three blocks from square. Price \$6,000.

An A-1 five room house and large lot—cellar, cistern and other conveniences. Price \$1,500.

Three building lots, 50x137—\$125 each.

Two building lots, 50x160—\$250 each.

One building lot, 70x240—\$500; on the care line.

### J.E. Osborne

707 Ayers Bank

Ill. Phone 1155

Burlington for ten years, coming here with her parents from Sharon, Wis. She is a graduate from Sharon, Wis., school and from the State Normal of DeKalb, Ill. After teaching for three years in Algonquin, Ill., she came to the Burlington schools, and has been one of the best teachers for four years. During her years of residence in Burlington she has made a host of admiring friends not only among the children of the school whom she taught, but also among all classes of people. She has been one of the active leaders in the work of the Methodist church for all these years.

The groom is a relative of the Hardens, one mile west of Burlington. His home is in Waverly, Ill., where he has a residence in the city. His chief business is that of farming, but he is also considered to be one of the very successful business men of his county. He has the reputation of being a man of sterling worth and is highly esteemed in his home town, being progressive and always ready to take his part in any movement that is for the public welfare. Like his bride, he is always an active worker in the church and is one of the official members of the Methodist church in Waverly.

The bride and groom departed on the noon train for an extensive wedding trip thru the west; expecting to go from here to Colorado Springs, Denver, Salt Lake City, Salem, Ore., and then spend the rest of the winter in California. About the last of February they expect to return to Burlington for a short visit and they will return to their home in Waverly, Illinois, by automobile.

The best wishes and good will of the Burlington people go with them as they leave for their new home.

Just five minutes drive in car or street car to 1201 S. East St., from square to save \$150.00 on your piano or player. SHEPPARD.

### CONGREGATIONAL BROTHERHOOD

The regular monthly meeting of the brotherhood of the Congregational church will take place this evening. Supper at 6:30.

### COAL SHORTAGE IS ACUTE IN VIRGINIA

Schools Closed Wednesday for Indefinite Period — Citizens Held Mass Meeting to Discuss Situation—Other Items From Virginia.

Virginia, Dec. 4.—The city schools closed Wednesday for an indefinite period because of the fuel shortage. A mass meeting of citizens was held Wednesday evening at the court house for the purpose of discussing the acute situation here. More than 50 families are reported without fuel of any kind. Dealers have been hauling coal from Pleasant Plains, a distance of 18 miles, and have been selling at 33 cents a bushel.

Mrs. L. A. Petefish and daughter, Mrs. Maria, of Springfield, spent Sunday at the home of Mr. and Mrs. George Nesbitt.

Mr. and Mrs. G. Alexander and child of Peoria were week-end guests at the home of Prof. and Mrs. P. G. Edwards.

The Charles Walter Reid chapter of the American Legion held a meeting in the I. O. O. F. lodge room Tuesday evening. Hon. W. L. Kelly of Shelbyville, vice chairman of the district, gave an address. A quartet furnished a number of pleasing selections. A luncheon and smoker concluded the meeting.

The missionary society of the Church of Christ met Tuesday evening at the home of Mr. and Mrs. George Widmayer. After the transaction of business a delightful repast was served.

The election of officers for the Royal Neighbors lodge will be held at the regular monthly meeting December 5 at the I. O. O. F. hall.

W. K. Metz, cashier of the Petefish, Skiles & Mertz bank at Chandler, was a business caller here Tuesday.

Miss Dora Smith, who has been a patient at St. John's hospital for the past week, underwent an operation today.

Mrs. Charlotte Dodson of Chandler, was calling on friends here Sunday.

The Virginia Woman's club will entertain the membership at the home of Mrs. L. H. Skiles today. Mrs. Mabel Northrup Morrel of Peoria will address the club on "Folk Songs and Dances of the Allied Nations."

Mrs. Frank Virgin is a patient at St. John's Hospital in Springfield.

Mr. and Mrs. P. H. Hamm of Chapin spent Sunday at the home of Mr. and Mrs. W. D. Emerick.

The stork visited the homes of Mr. and Mrs. Harvey Tysan, and Mr. and Mrs. Ray Jockish the past week, leaving daughters in both homes. The Jockish infant died soon after birth. Private funeral and burial were held Tuesday. Rev. Max B. Wiles pastor of the Presbyterian church officiating.

Miss Annabel Ray, who recently resigned the directorship of the musical department in the Presbyterian church, has closed her Marinello parlors and departed for Springfield where she will enter a similar line of work.

Miss Lottie Sallee is spending the week at the home of her niece, Mrs. Edward Munson and family in New Berlin.

The members of the staff of the local Rebekah lodge formed a party which pleasantly surprised Mrs. J. E. Killam at her home last evening. Sandwiches, pickles and coffee were provided by the guests and a very pleasant evening was enjoyed.

Mr. and Mrs. Killam will leave for Jacksonville at an early date to reside.

Misses Mattie Suffer and Nellie Snyder are on the sick list. Mr. and Mrs. Stuart Reid were week end guests of relatives in Pana.

John Huested spent Sunday at the home of Mr. and Mrs. Robert Phillips in Petersburg.

George Turner and Mrs. Lillian Derman of Mt. Sterling motored to this city Thursday and were united in marriage at the Methodist parsonage by the Rev. N. M. Rigg.

The young people were former parishioners of Rev. Mr. Rigg during his pastorate in Mt. Sterling. They will take up their residence in that city where the groom is engaged in the garage business.

The W. H. M. S. of the M. E. church met at the home of Mrs. V. E. Robertson Tuesday. Mrs. Robertson was assisted in her duties as hostess by Miss Kathryn Irvine and Mr. Howard Jockish.

Reports of the Home Missionary conference recently held in Springfield were given by Miss Pernice Hunt and Mrs. Ruel Crum. The usual donation of canned fruit was collected for the Cunningham Orphan's Home at Urbana, Ill. A delightful luncheon closed the meeting.

### THE PESTIFEROUS BARBERRY

Look Out for It—An Inspector Found Thirty Places in Jacksonville Where It Grows.

E. R. Schul of the state department of agriculture, has been in the city several days looking after barberry bushes and found thirty persons whose premises are infected and has notified them to remove the offensive growth. He has been requested to visit Nichols Park today and see if any grows there. An effort was made to eradicate it and the park board thinks it was successful but wants to be sure. Persons not paying attention to the notification will be subjected to a heavy fine.

Following are some extracts from the law.

It has been determined by the Department of Agriculture that the tall growing European barberries, Berberis vulgaris and all its horticultural varieties including the purple-leaf barberry, the purple-leaf barberry, are a nuisance within the mean-

ing of Section 15 of the Plant Inspection Act of 1917 as amended in 1919 and that the same should be eradicated from the State.

They serve as almost the exclusive host plants for a stage of the Black Stem Rust, Puccinia graminis, which intervenes between the normal hibernating stage of the rust and the later stage which infects wheat and other small grains and grasses, thus serving to maintain the presence and promote the destructive abundance of the rust.

Said disease, Puccinia graminis is very destructive to wheat and other small grains and grasses.

The tall growing European barberries, Berberis vulgaris and all its horticultural varieties including the purple-leaf barberry, Berberis vulgaris var. purpurea, characterized by erect growing habits, three branched thorns, leaves with toothed edges, and berries growing in clusters, are a nuisance and must be eradicated from the State for the protection of wheat and other small grains and grasses.

All firms, corporations, private individuals and other persons owning or controlling lands or places in this state and all public authorities having jurisdiction over streets, highways, parks and other public places, are hereby directed to free and to keep the same free from the above described species and varieties of barberry.

This notice does not apply to the Japanese barberry, Berberis thunbergii or Mahonia, unless infected by the said rust.

**ATTENTION WOODMEN**  
Unity Grove Camp No. 132 M. W. A. election of officers and refreshments this evening. All members urged to attend.

### LOCAL SURVEY MADE FOR EMERGENCY FUEL FACTS

Committee Decides Jacksonville Must Depend on Wood For Extra Supply—Nearby Coal Supply Cannot Be Increased.

At the mass meeting of citizens held recently a committee was appointed to investigate possible sources of fuel supply. This committee includes Bernard Gause, L. F. O'Donnell and Charles Fiedler, with Mayor Crabtree as an ex-officio member. The work of investigation was done promptly and efficiently with the result that the committee believes that for an increased local fuel supply Jacksonville must depend on wood. In order to take prompt action the committee purchased 150 cords of wood from a Naples resident at \$4 per cord on board cars at point of shipment and options are held on other wood.

#### Plenty of Wood

In addition the committee has located various tracts of land where timber is available. James Sevier placed a 12 acre tract west of the city at the disposition of the committee and the wood can be had for the cutting. On other farms, down or dead trees have been located in large numbers, and will be available without expense other than the sawing, chopping and hauling.

An organization is effected for the handling of the wood supply in a municipal way, the wood which the committee has in its control will be turned over to this organization. Otherwise it will be possible for dealers to secure the wood and distribute it to consumers.

The Howard Zahn property on East Court street, formerly known as the Billy Sunday lot, is available for a municipal wood yard and Mr. Zahn will furnish a tractor for sawing.

#### Looked at Small Mines.

The small mines investigated include those at Pleasant Plains, Petersburg, Tallula, Murrayville, Arenville, Exeter, Roodhouse and Winchester. Mr. Gause of the committee said yesterday that there is enough coal along Birch creek between White Hall and Winchester to furnish all Jacksonville, if the men were available for stripping and digging this coal. However, that would be a long and expensive haul. The small surplus supply at Pleasant Plains has already been contracted to St. John's Hospital in Springfield. The Exeter mine will produce about 1200 bushels a day, all of which is consumed in that locality, although a few tons have been hauled to Jacksonville.

The committee after its investigation did not believe it advisable to try to increase the tonnage at Exeter, Murrayville or Winchester, for experienced mine workers are not available and considerable preliminary work would have to be done before the coal output could be materially increased.

#### Facts About Trucks.

The committee's investigation also covered the truck supply of Jacksonville and it was found that the combined carrying capacity of the trucks in Jacksonville is approximately 160 tons. This means that if all the trucks were lined up in a train at one time that they could move 160 tons of wood or coal. If all were used and several trips a day made, this would mean the movement of a very considerable amount of fuel. The committee will have a complete report to make later and possibly some recommendations.

### BASKETBALL TONIGHT

Franklin High vs. Routt. Liberty Hall. 8 p. m. Adm. 30c. Includes war tax.

S. J. Barnett of Mercedes; Mr. Parker of Pittsfield and Mr. Kesterson of Beardstown, all deputy game and fish wardens who had charge of the shipment of fish to this city, returned home yesterday.

### MEMORIAL TABLET FOR GOV. AND MRS. DUNCAN

Will be Contributed by Prof. and Mrs. E. K. Putnam—Mrs. Putnam is Granddaughter of Governor Duncan.

Mrs. Elizabeth Duncan Putnam of Davenport, Iowa, writes from that city that she and her husband, Prof. Edward K. Putnam, will place two tablets in the Duncan Memorial building for Governor and Mrs. Duncan.

Mrs. Putnam, who is a granddaughter of Governor Duncan, speaks for the success of the efforts of the D. A. R. in the endeavor to make a permanent memorial of the Duncan residence. The letter written to Miss S. M. Fairbank follows:

2013 Brady street  
Davenport, Iowa.

My dear:

Soon after your letter came I gave it to Edward to read and ponder.

I am delighted that the project is going ahead so splendidly. I think you should make a point of its being such an early house in such good architecture and the house built by an early governor. I think there are few houses of that date in Illinois and I doubt if any in as good style.

Edward and I will take care of the names of Governor and Mrs. Duncan that will be \$200. I shall be so glad of you can carry thru the plan. I think it will give distinction to the D. A. R. and Jacksonville and of course would be a satisfaction to feel that the old home was in permanent care.

With all best wishes for success believe me,

Most sincerely,

Elizabeth Duncan Putnam.

December 1st, 1919.

### COMMISSION ORDER IS EXPECTED TODAY

Rules Will Be Practically the Same as Now In Effect In Chicago—May Hold Mass Meeting.

The formal order issued by the state utilities commission with reference to methods for fuel conservation had not been received by Mayor Crabtree last night. However, he had been notified from Springfield that the letter of instruction was in the mail and it will doubtless be received today. It is quite probable that an early mass meeting of citizens will be called and that subsequently a proclamation will be issued by the mayor in accordance with the utilities commission order.

The rules covering Chicago and the north part of the state are already in effect and require that places of business with certain exceptions shall be open only during the hours from 9 a. m. until 3:30 p. m. In this part of the state it is understood that the hours will be 9 to 4 p. m.

An accurate survey of fuel supply conditions thruout the country has convinced authorities that conservation methods are absolutely necessary. James Mann, district agent for the Chicago & Alton, was in Jacksonville yesterday to gather statistics concerning any consumer with a supply of coal on hand in excess of 1,000 tons. Figures were desired also on the amount necessary for use by various institutions and all figures were to be forwarded at once to Washington.

W. L. Bowls, division freight agent of the Wabash, also was in the city and met with Mayor Crabtree and the fuel committee for a short conference. Mr. Bowls came to gather statistics and also to inform the fuel committee that the regional director desires the co-operation of the fuel committee in each community and will act only thru such bodies. There are various matters in the recommendations of the regional coal director that Mr. Bowls discussed with the committee.

### BASKETBALL TONIGHT

Franklin High vs. Routt. Liberty Hall. 8 p. m. Adm. 30c. Includes war tax.

### Funerals

#### Abington.

Funeral services for Samuel Abington were held from Gillham's undertaking parlors at 2:30 o'clock Thursday afternoon in charge of the Rev. J. H. Fisher. Burial was in Jacksonville cemetery, the bearers being, Levi Postley, Walter Woodson, Sylvester Arbuckle, William Sallee, Frank Tate and Silas Timberlake.

Ladies' silk holeproof hose all colors, all sizes, all prices—at TOM DUFFNER'S.

#### HERE FROM JERSEYVILLE

The following Jerseyville people are attending the Reddish trial which is being held in the city. They are Teresa Flamm, Lester Erwin, H. A. Brown and F. F. Laellike.

#### ATTENDS BOARD MEETING

Frank Elliott of Chicago was here yesterday to attend the semi-annual meeting of the board of trustees of Illinois College.

#### TO ATTEND CONFERENCE

Dr. J. R. Barker will leave tonight for New York City to attend a meeting of the general educational board of the Methodist church.

#### A MYSTERY EXPLAINED

"When I first hit town," remarked the farmer, "I understood on a corner and wonder how all these city people managed to live." "Well?" "Well, seeing as they have got \$38 out of me in four days it ain't such a mystery after all."—Buffalo Commercial.

### ILLINOIS STUDENTS PLEDGE LARGE SUM

Student Body Pledges Over \$7,000 to Endowment Fund Thursday—Some Rousing Speeches Made at Chapel Exercises—Dr. Thomas W. Smith Appointed as Assistant to President Rammelkamp.

A big "boost" was given the endowment fund of Illinois College Thursday when over \$15,000 was added by pledges of the student body and trustees.

At chapel exercises the dean announced, instead of the customary hymn, "Hail to Illinois." Henry Best, student representative of the endowment fund, then took charge and made some forceful introductory remarks.

He then introduced H. H. Bancroft and Hugh P. Green, prominent alumni who have displayed keen interest in the college since graduation. They both made stirring addresses. Dr. J. G. Ames was the final speaker and explained the scheme of pledging.

After giving several college yells the different classes retired and held meetings. Upon reconvening the announcements were made of the class pledges which totaled over \$7,000. The amounts pledged by the classes follow:

Class	Amount	Avg.
Senior	\$1,335.00	\$49.44
Junior	960.00	50.50
Sophomore	1,925.00	47.00
Freshman	2,243.00	43.00
Whipple	527.50	37.67
Unclassified	10.00	.....

Total.....\$7,000.50 \$45.45

The returns are incomplete and it is probable that the total will run over \$8,000 when all pledges are reported. The total reflects great credit on the students and shows that they have a deep interest in the future of the college.

Later in the day the trustees in their semi-annual meeting pledged about \$7,000 more. A Chicago friend who had already given \$1,000 added another \$1,000 to his pledge. This made a total of \$15,000 added to the fund yesterday and the "Endowmentometer" in the chapel now registers a total of \$49,000 toward the goal one million.

Among the out of town members of the board who attended the trustee meeting were Frank R. Elliott of Chicago and John J. Bergen of Virginia. Considerable routine business was transacted.

President Rammelkamp's report showed a larger attendance than in any previous year. It also was pointed out that the college will soon experience difficulty in taking care of the increasing body of students.

Dr. Thomas W. Smith, '87, was appointed assistant to the president in the work of the financial campaign. Dr. Smith, who is one of the most popular and enthusiastic alumni of the college will enter upon his work next week and give all of his time to the cause.

#### Gift of Pipe Organ

Announcement was made at the meeting of the gift of a pipe organ to the Conservatory of Music by Mrs. E. W. Blatchford, widow of the late E. W. Blatchford, '45 of Chicago. The organ, built by the Johnson company of Boston, has heretofore been installed in the Blatchford residence in Chicago.

The instrument will be installed in recital hall at the Conservatory and by vote of the trustees will be known as the E. W. Blatchford memorial organ. The trustees also took action requesting the National Endowment committee to prepare in due time and in appropriate form an engrossed list of all the subscribers to the fund. This list will be framed and hung in the college library. The alumni and former students will be arranged by classes on this list.

While the campaign is not as yet, fully under way and the subscriptions so far have been voluntary, President Rammelkamp and the trustees have reason to feel elated over the encouraging prospects. It is probable that when the national endowment committee gets its work under way that the fund will grow rapidly and there is every reason to believe that it will meet with success and reach the desired end.

### Deaths

#### Ator.

Sherman Dorand has received word of the recent death of Abner Ator at Denver. Deceased was formerly a resident of Virginia and friend of Mr. Dorand who will attend the funeral. Deceased leaves two daughters, Misses Leora and Eva and a son.

#### Dwyer.

Miss Ella Dwyer passed away at the family home, 204 Franklin street Thursday evening at 6:05 o'clock after an illness of long duration.

Deceased was the only daughter of Mrs. Katherine Dwyer and was born September 11, 1899, being at the time of death, 20 years, 2 months and 23 days old. She is survived by her mother and two brothers, John and William Dwyer.

Miss Dwyer was educated in the Lutheran parochial and high school, graduating from the latter. She later attended Brown's Business College and before her illness was employed in the Merrill Abstract office.

She was a devout member of Salem Lutheran church and of the Luther Walther circle and was active in the work of the organization so long as her health permitted. She bore her long suffering with Christian fortitude, with implicit faith in "Him going will bring sadness to a wide circle of friends and the sympathy of all will go out to the mother and brothers in their bereavement.

Funeral services will be held from Salem Lutheran church Sunday afternoon at 2:30 o'clock with burial in Jacksonville cemetery.

### MISSIONARY SOCIETY MEETS IN ALEXANDER

Session of Woman's Foreign Missionary Society Is Held—District Officer Present—Other Alexander Items.

Alexander, Dec. 4.—The Woman's Foreign Missionary society of the Methodist church met at the home of Mrs. Margaret Colwell today with a good attendance of members and a number of visitors present. Mrs. Noah Wiley was the leader of the meeting and introduced Mrs. R. A. Gates of Jacksonville, district president of the foreign missionary society, who gave a very interesting address on the work that is being accomplished by the organization.

Mrs. Wiley had charge of the devotional topic, "The Lame Walk," and also the study topic, "China." The afternoon proved most pleasant and profitable for all. Refreshments were served by the hostess.

#### News Notes.

Miss Anna Hullman of Springfield, Mrs. Clifton Corrington, of Jacksonville, and Miss May Wood of Murrayville are guests at the home of Mrs. Margaret Colwell in Alexander.

Thomas E. Cockin of Jacksonville was a business visitor in Alexander yesterday.

Mrs. J. W. Reif, who has been a patient at Our Savior's hospital in Jacksonville the past few

days, was able to return to her home in Alexander Thursday.

Charles M. Strawn has returned from a business trip to Chicago. John Colwell made a business trip to Jacksonville Thursday afternoon.

The condition of Hartman Zeller who has been very seriously ill the past few days was reported as slightly improved today. William and Harriett Erickson of Alexander were visitors in Jacksonville Thursday.

**BASKETBALL TONIGHT**

### WILL USE COAL FOR DOMESTIC PURPOSES

White Hall Authorities Will Use Coal from Churches, Theaters and Schools for Domestic Purposes—Will Permit Factories to Continue Operation for a Time.

White Hall, Dec. 4.—Action that will keep 250 men employed at the sewer pipe and the drain tile works for a few weeks longer is being formulated by local authorities according to the outline in this column yesterday, which suggested that the fuel supply of the schools, theatre, and the churches be used for domestic purposes, leaving intact the fuel

ARMSTRONG'S DRUG STORES.

### Common-Sense for Corns, "Gets-It"

The Great Painless Corn Loosener. Simple as A. B. C. Never Fails.

If you have ever tried to get rid of a corn by bundling up your toes with bandages, or by using salve that made your toe red and almost

raw, or tried to drag your corn out with a knife, there will be a surprise waiting for you when you use "Gets-It." Imagine peeling your corn off gloriously, easily and painlessly, just like peeling off a banana skin. Well, that is what happens when you use "Gets-It." There is nothing else that will give you this same result. Millions of folks have had the same blessed experience. Why putter and suffer, limp, and spoil a good time for yourself and your friends, or your peace of mind while trying to attend to business? Use "Gets-It," the simple common-sense way. "Gets-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. Mfg. by E. Lawrence & Co., Chicago, Ill. Sold in Jacksonville and Recommended as the World's Best Corn Remedy by Armstrong's Drug Stores.

supply of these factories for operation as long as possible. The fact that the employees of these factories have been furnished coal for domestic use has been rapidly depleting the stock on hand, and there would have resulted a shutdown by the end of this week. It is stated that all concerned are favorable, and that 250 men will be kept at work that otherwise would be idle. The sewer works are already shut down.

Another move favorable to the local coal situation is the operation of the shafts east of town, where in years past a small vein has been worked to a more or less extent. It is said that every man available will aid in getting out coal, and that wagons from White Hall and Roodhouse are so numerous that some have to wait an entire day in order to get a load. The sewer pipe works owns considerable coal land adjacent to their electric line that runs three miles east from the plant in town, and a small supply will be made available in this way. This supply can be brought in over the rails of the industrial road and affords a source that will go a long way in connection with other measures to avert an early complete suspension of industrial operations and possible suffering. The mines east of town, however, do not yield near enough coal to supply all the demands of White Hall, and for that reason they have not been opened to any great extent for several years, except to supply some of the domestic demands during the winter season.

Another favorable act comes from Bud Gilmore, residing about three miles southeast of White Hall. Mr. Gilmore is clearing eighty acres of timber from the Stubblefield farm, now the property of Mr. Gilmore, and he offers all the wood not suitable for sawlogs to any one who will gather it. This means that a large quantity of wood fuel is available for the gathering.

The local charity work is well in hand, thru the efforts of the Apple Creek Prairie Club, the membership of which is composed of residents of the neighborhood west and southwest of town. This club has the cooperation of Supervisor W. V. Rhodes, and the charitable acts credited to them already this season form a large list. They made a sewing drive previous to Thanksgiving, and on that date also provided a number of needy families with a splendid dinner at their homes, the eatables being assembled at the home of Mrs. Fred Rives and there the baskets were prepared for distribution over town. The club has done has received the recognition of the women's clubs in town in an expressed desire to affiliate with the country people, but the probabilities are more than likely that the country folks will proceed independently.

The smallpox epidemic situation is clearing up so rapidly that Mayor McLaren states that the vaccination certificate order will be lifted one day next week, the exact day not being determined. The vaccination certificate order was modified several days ago so as not to apply to transients, giving them the use of the hotels and railroad waiting rooms, from which they had been barred for several days.

Public sale of 20 grade Jersey heifers whose dams are "40 lb. butter fat" cows. Friday, Dec. 5th, 1 p. m., corner Michigan & Lincoln avenues. J. P. DOAN.

### ELM GROVE

Mrs. Martha Burton, Walter Fearnough and Mr. and Mrs. William Scholtfield were Jacksonville callers Saturday.

Misses Grace and Hattie Mae Fearnough were guests of Blanche and Harold Hills Saturday afternoon.

Mr. and Mrs. J. W. Blumling took Thanksgiving dinner with E. T. Story and family of Nortonville.

Girls wanted for pining chickens, \$7 per week guaranteed while learning. Apply Swift & Co., superintendent.

### COAL WENT WEST.

Eight huge cars loaded with coal went thru the city westward on the Wabash yesterday morning. Their destination was unknown but were probably for railroad use the cars were of the dumping variety. As the train pulled out a man leaped aboard a coal car and threw off some lumps and bystanders kindly gazed in an opposite direction.

### REV. C. A. BURTON RETURNS FROM CARM

Was Guest of Rev. H. L. Hayes—Many Students Home for Thanksgiving Holidays.

Ashland, Dec. 3.—Miss Etta Pergum of Pawnee spent the week end with her sister, Mrs. J. L. Snyder.

William Beadles has returned to Wesleyan University at Bloomington after spending Thanksgiving vacation with his parents, Dr. R. O. Beadles.

Mrs. Elmer Mason and daughter Dorothy Louise of Roodhouse are visiting at the home of Mrs. Charles Mason.

Rev. C. A. Burton returned from Carmi, Saturday where he spent Thanksgiving with Rev. H. L. Hayes, who was here a few weeks ago in evangelistic meetings.

Rev. C. E. French of Virginia was in town on business yesterday afternoon.

Mrs. George Bailey is spending a few days with her daughter, Mrs. A. E. Wyatt of Murrayville.

Charles Eddings is seriously ill at his home in the east part of town.

**NOTICE TO PATRONS**  
Because of the fuel shortage it has been necessary for us to temporarily close our washing stand. Until further notice we will therefore be unable to wash automobiles.

### CHERRY'S LIVERY

### THE QUESTIONNAIRE

From Life.  
Where were you born and why? Who was your mother, if any? Was your father pink, olive or drab? What do you know, how do you know it, and why do you know it? Do you write poetry or suffer from any other ailment? Is the mole on your left cheek acquired or inherited? If inherited, from whom and how remote, and at what hour? Are you a Democrat, or sane? If neither, what is your opinion of the Darwinian theory? Do you believe in co-ordination, and if not, give five good reasons without stopping for breath. State your objections serially in large, bold outlines, not omitting your middle name, if any. If no middle name, and you belong to the lower classes, declare so plainly in the space provided for it to the left. Do you smoke, drink, or play cards? If you have none of these vices, do you read Marie Corelli? And so on until O-death-where-is-thy-sing-and-O-grave-where-is-thy-victory.

Ladies' Fur Scarfs, Capes and Muffs in the late styles at right prices. FRANK BYRNS Hat Store.

### BACK-ACHE

Linger Up With Penetrating Hamlin's Wizard Oil

A harmless and effective preparation to relieve the pains of Rheumatism, Sciatica, Lame Back and Lumbago is Hamlin's Wizard Oil. It penetrates quickly, drives out soreness, and limbers up stiff aching joints and muscles.

You have no idea how useful it will be found in cases of every day ailment or mishap, when there is need of all immediate healing, antiseptic application, as in cases of sprains, bruises, cuts, burns, bites and stings.

Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30 cents. Guaranteed—Adv.

### ILLINOIS FOLKS TELL THEIR STORY

Freeport, Ill.—"I can highly recommend Dr. Pierce's Golden Medical Discovery to any one who suffers with bronchitis or deep-seated coughs and I have found it to be an especially fine tonic for children convalescing from various illness."

When my little daughter was only three years old she almost died with bronchitis.

She was so weak and it even after the crisis had passed that even then she might not recover. It was then that I gave her the "Golden Medical Discovery" and she grew well and strong in a comparatively short time.

She is now fifteen years old and has neither bronchitis nor any lung trouble since but is a strong, hardy girl."

—Miss JARRETT DOUGLAS, 17 Wilbur St.

Rock Island, Ill.—"I began to suffer with influenza which was so prevalent all over and I felt wretched. I began taking Dr. Pierce's Golden Medical Discovery and it brought me through this dreadful disease in splendid condition. It was the only medicine I took and it was not necessary for me to call in a doctor. 'Golden Medical Discovery' having cured me, I can highly recommend it to others who are afflicted."

—J. S. ESTERLIN, 728-14th St.

Any medicine dealer will supply you with Dr. Pierce's Golden Medical Discovery in either liquid or tablet form.

**MONEY OF WORLD COULDN'T BUY IT**

This Is What Allen Says Of Good Tanlac Did Him—Is Picture of Health Now

"I wouldn't take all the money in the world for the good Tanlac has done me," said J. B. Allen, a well known employee of the C. B. & Q. Railroad, living at 567 East Fourth street, Galesburg, Ill., a few days ago.

"I had suffered for six years," he continued, "and had gotten so weak that I couldn't do my work and was ready to give up my position when I began taking Tanlac, and now here I am in as good health as I ever was, why, I can hardly realize the remarkable change that has come over me. Seldom everything I ate disagreed with me, felt like a coal of fire in my stomach and gave me terrible cramping pains and for hours after I had eaten I had a mean taste in my mouth. I was badly constipated and hardly a night passed that I didn't have to take a laxative, and awful feverish headaches came on me that would keep me in bed for a day or more at a time. I lost so much in weight and got so weak that I could hardly walk. I looked so bad that my friends didn't recognize me at first sight sometimes, and my cheeks were so pale and sunken that the boys at the railroad roundhouse were all talking about my condition, and one day heard one of them say: 'He's not long for this world.'"

"This put me to thinking and I might as well say, scared, and I realized right then that something had to be done before it was too late, and I decided to give up my work and start out to find something that would help me. It was about this time I began to notice in the papers about Tanlac and the way it was helping so many people, and I knew some of them, too, so I got three bottles and made up my mind to give it a good trial. Well, I don't see, to save my life, how a medicine can be made to do such remarkable things as Tanlac has done for me. I can eat three big hearty meals every day, digest everything perfectly, and never have an uncomfortable feeling afterwards. My constipated condition has been relieved and I am not troubled with headaches any more. My lost weight and strength has all come back to me, to be exact I am actually forty-three pounds heavier since I have taken Tanlac and was never stronger in my life. My cheeks are no longer sunken and I am now the very picture of health. I don't miss a single minute from work now, and the boys all say they have never seen anything as miraculous as the way I have got my health back."

Tanlac is sold in Jacksonville by Cover - Shreve; in Meredosia by Mr. R. B. Field; in Murrayville, by M. E. Gilbert; in Waverly by Wyle Drug Co.; in Woodstock by The Hoy Pharmacy; in Chapin by Jno. Onken & Bros.; and in Alexander by Frank J. Kaiser.—Adv.

Libby's No. 2 Extra Apricots ..... \$4.60 per doz.  
Libby's Green Gage Plums ..... \$5.30 per doz.  
Libby's Happy Vale peaches ..... \$5.25 per doz.

All of the above listed fruits are in extra heavy syrup and will be retailing at from 60 to 75c per can this winter.

200 dozen cans Woodford Cocoa, ..... \$1.75 per doz.  
200 dozen cans good standard corn ..... \$1.64 per doz.

200 dozen cans selected Early June Peas ..... \$1.73 per doz.  
Best Kansas Hard Wheat Flour, ..... \$3.29 per large sack

Best Northern Potatoes ..... \$2.19 per bu.  
No. One Soft Shell English Walnuts ..... 44c per lb.

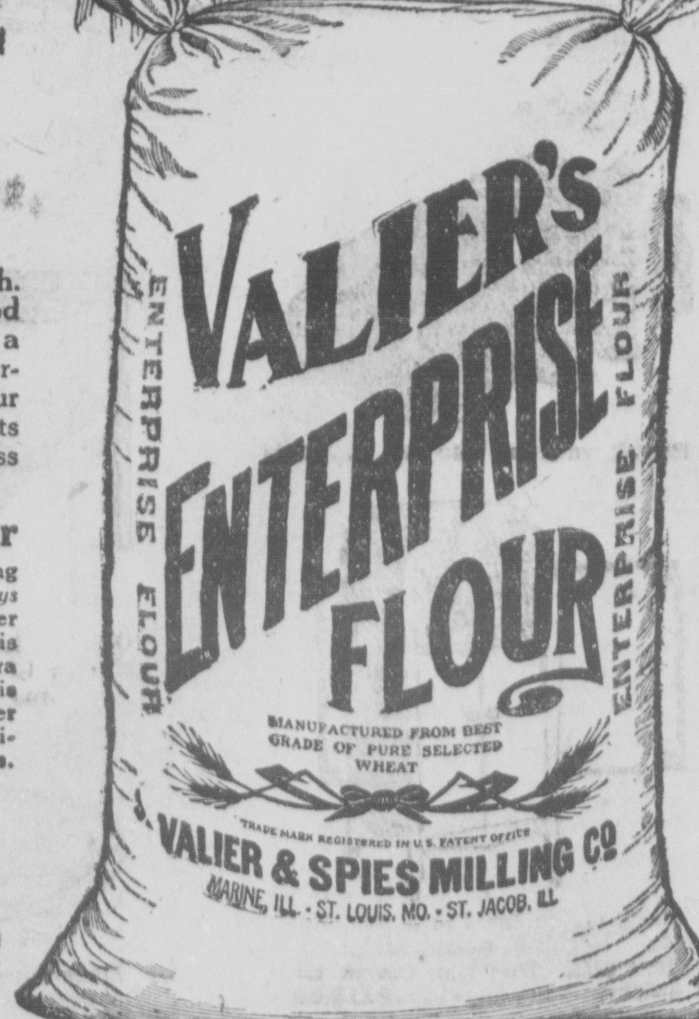

**"Everything Is Ready"**

A man's heart is very near his stomach. Light, home-made bread and a good dinner are sure to please him after a hard day's work. Use Valier's Enterprise Flour and do full justice to your cooking ability. It produces results impossible to secure with flour of less exceptional quality.

**Valier's Enterprise Flour** is milled slowly and retains all the baking possibilities of the wheat. Its quality is always maintained. We use only selected hard winter wheat of high gluten content. Such wheat is scarce this year and we have to pay an extra high premium for every bushel we use. This makes Valier's Enterprise Flour cost more per sack than ordinary brands, but it is economical because it gives you more and better bakings.

Call up your grocer and order a sack today.

**"Community"** is Valier's high grade popular priced flour. It has made hosts of friends.

Mr. and Mrs. J. W. Craig and Mrs. James Galloway will spend winter in Pensacola—Woodson News Notes.

Woodson, Dec. 2.—Mr. and Mrs. Charlie Hauer of Springfield spent Thanksgiving Day here with Mrs. Hauer's father, H. H. Shelton; also with her brother Steve Shelton and wife.

Mr. and Mrs. J. W. Craig, and Mrs. James Galloway expect to leave for Pensacola, Fla., this week. Mrs. Galloway has been in

**MOTHER AND DAUGHTER DOING WELL**

"Mother and myself, taking the advice of some kind friends, are taking Mayr's Wonderful Remedy for bad stomach and liver trouble and bloating. The medicine is rightly and well named 'Wonderful' for such it is. It has certainly done wonders for us both." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by all druggists.—Adv.

**SHAVE NOW WITH COLD WATER**

**New Discovery Softens Beard Even When Hot Water Is Not Available.**

Barbasol Does Its Work Equally Well With Either.

Now we are told that hot water is not necessary for a comfortable shave. You need not worry if your heater goes wrong, or the janitor forgets to fire up.

Use Barbasol, the new antiseptic beard softener, for shaving and cold water will work just as well as hot. All that is necessary is to dampen the face, apply Barbasol with the fingers, and your razor will do the rest. No scraping or pulling, just a clean shave, leaving your skin cool and free from the usual smarting and irritations.

Try it; get a tube from your drug-gist and see for yourself.

**AID SOCIETY HOLDS ELECTION OF OFFICERS**

Ladies of Christian Church at Litterberry Meet With Mrs. Maul Thursday.

Litterberry, Dec. 4.—The Ladies' Aid society of the Christian church at Litterberry met at the home of Mrs. Louis Maul Thursday afternoon with a goodly attendance of the members and a number of visitors present.

The meeting opened with the singing of "America."

After the business session the annual election of officers was held with the following result:

President—Mrs. Robert McFarland.

Vice president—Mrs. John Martin.

Secretary—Mrs. Charles Ogle.

Treasurer—Mrs. Albert Crum.

Social Committee—Mrs. W. H. Phillips and Mrs. Howard Litter.

Flower committee—Mrs. Ann Petefish, Mrs. Perry Henderson, and Mrs. W. H. Phillips.

Following the election a short program was given and refreshments served by the hostess.

The meeting was closed with prayer.

**DON'T STEAL THAT COAL**

The directors of the Morton school, three miles east of the city along the Wabash right of way, complain of theft of coal provided for the school and they give warning that it will go hard with the evil doer who tries the game any more.

**Tobacco Habit Dangerous**

says Doctor Connor, formerly of Johns Hopkins hospital. Thousands of men suffering from fatal diseases would be in perfect health today were it not for the deadly drug Nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up-to-date drug store and get some Nicotol tablets; take them as directed and lo! the pernicious habit quickly vanishes. Druggists refund the money if they fail. Be sure to read large and interesting announcement by Doctor Connor soon to appear in this paper. It tells of the danger of nicotine poisoning and how to avoid it. In the meantime try Nicotol tablets; you will be surprised at the result.—Adv.

**INDIGESTION**

**Caused by Acid-Stomach**

Millions of people—in fact about 9 out of 10—suffer more or less from indigestion, acute or chronic. Nearly every case is caused by Acid-Stomach.

There are other stomach disorders which also are sure signs of Acid-Stomach—belching, heartburn, bloating after eating, food repelling, sour, gassy eructations. There are many ailments which, while they do not cause much distress in the stomach itself, are nevertheless, traceable to an acid stomach. Among these are nervousness, biliousness, cirrhosis of the liver, rheumatism, impoverished blood, weakness, insomnia, melancholia and a long train of physical and mental ills that keep the victims in miserable health year after year.

The right thing to do is to attack these ailments at their source—get rid of the acid-stomach. A wonderful modern remedy called EATONIC now makes it easy to do this.

One of hundreds of thousands of grateful users of EATONIC writes: "I have been troubled with indigestion for about nine years and have spent quite a sum for medicine, but without relief. After using EATONIC for a few days the gas and pains in my bowels disappeared. EATONIC is just the remedy I needed."

We have thousands of letters telling of these marvelous benefits. Try EATONIC and you, too, will be just as enthusiastic in its praise. Your druggist has EATONIC. Get a big box from him today. He will refund your money if you are not satisfied.

**The Miser Who Put Green Goggles on His Horse**

—so he could make it eat straw for grass, deceived the horse, but he couldn't deceive nature. The horse died.

Some car owners may be fooled into paying high prices for very ordinary repair service—but you can't fool a motor.

Now, the straw looked like grass to the horse, but it didn't contain the principle of life. Just so does many a repair job seem satisfactory at first but after continued service breaks down; it didn't receive the proper mechanical treatment.

We serve you with skilled mechanics only. Men who understand their work thoroughly and are careful and particular to the smallest detail.
